PART I.

Interchange of traffic in food grains between Madras and Mysore.

No. G. 6048-58—P. P. 49-19-4, DATED 8TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 1394-404—P. P. 66-18-269, dated 18th July 1919, approving of the revised arrangements for the interchange of traffic in food grains between Madras and Mysore during July and August 1919.

2. Correspondence ending with letter No. 4600, dated the 2nd September 1919, from the Director of Civil Supplies in Mysore, submitting a copy of letter No. C. 1929—19-11, dated 30th August 1919, from the Director of Civil Supplies, Madras, (*Vide* annexure) in regard to the arrangements during the month of September 1919, and requesting sanction to the proposed arrangements.

Order No. G. 6048-58—P. P. 49-19-4, dated 8th September 1919.

Sanctioned.

2. The Food Controller and Director of Civil Supplies in Mysore is requested to issue necessary instructions in the matter.

3. The arrangements for October 1919 may be discussed by the Director in the latter part of this month and reported for orders not later than the 27th instant.

C. S. BALASUNDARAM IYER
Chief Secy. to Govt.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller and Director of Civil Supplies in Mysore.
The Deputy Commissioners of Bangalore, Kolar and Mysore Districts.
The Deputy Commissioners of other Districts.

Exd.—C. R.

ANNEXURE.

Copy of letter No. C. 1929—19-11—Cert., dated 30th August 1919, from the Director of Civil Supplies, Madras, to the Director of Civil Supplies in Mysore, Bangalore.

I have the honor to address you with reference to the interchange of food grains between the Mysore State and the Madras Presidency, the present arrangements regarding which expire at the end of the current month.

2. As regards the arrangements in respect of the Malabar-Wynaad, I have consulted the Collector who reports that as against the present allotment of 30 tons of ragi and 6 tons of horse gram his requirements will be as follows for the months of September and October:—

	Ragi, tons.	Horse gram, tons.
For the Wynaad Planters' Association ..	20	3
For the District Forest Officer, North Malabar ..	..	4

a total of 20 tons ragi and 7 tons of horse gram. It is very important that the horse gram for the District Forest Officer should be supplied at the earliest possible date. I understand from the Collector that a permit which he issued for four tons for September is with the Deputy Commissioner of Mysore and is awaiting his countersignature pending settlement of the arrangements for September. I shall be grateful if you can see your way to authorise the Deputy Commissioner to permit this export at once in advance of the agreement so that there may be no break in the supplies for the forest elephants.

3. As regards the Nilgiris District, the Collector is under the present agreement allowed to draw 60 tons of ragi and 30 tons of rice per week for Gudalur or 260 and 130 tons per month respectively, a total of 390 tons. He recommends that this arrangement should be continued and in that recommendation I concur.

Order of Precedence at Durbars.

No. G. 7209-598—P. P. 73-19-1, DATED 19TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 4663-5052—G. M. 180-16-13, dated 4th October 1917 revising the Order of Precedence at Durbars.

2. Government Order No. G. 5781-831—G. M. 180-16-14, dated 20th October 1917 on the same subject.

Order No. G. 7209-598—P. P. 73-19-1, dated 19th September 1919.

Government are pleased to make certain modifications in the Durbar Precedence List referred to above. The list as further revised will be as annexed hereto.

Class III.

Principal Ursu and other gentlemen admitted to this class by His Highness.

Class IV.

Persons holding 2nd class titles.
Non-official gentlemen entitled to *Khasa hara*.
Other persons specially admitted to this class by His Highness.

Class V.

Representative Assembly Members.
Members of the Mysore and Bangalore City Municipal Boards.
Other persons specially selected for this class by His Highness.

Class VI.

All other persons included in the Durbar List.

II. (*a*) Officers of class I will take precedence in the order shown above subject to such changes as may be made by His Highness on personal or other considerations.

(*b*) Officers in classes II, III, IV, V and VI may take rank according to the salaries drawn by them. When two or more officers draw the same salary they may rank according to the dates from which they began to draw such salary.

(*c*) Officers holding acting appointments will take rank in the class wherein the appointment in which they act is included.

III. When an officer holds two or more offices, he should be entitled to the rank of the highest of them.

IV. When there arises a question as to one's proper position in Durbar, it may be referred to the Durbar Bakshi or other Palace Officer entrusted with the Palace Durbar arrangements who will allot a place tentatively pending His Highness' pleasure.

V. The order of precedence set forth above for officers on active service will be made applicable to retired officers as well, their position being determined by the posts held by them at the time of their retirement, subject to the proviso that when there are two or more retired officers of the same rank they should take precedence among themselves according to their seniority.

VI. In accordance with the *Mamul*, officers mentioned in Part I will be seated in order on the right of His Highness the Maharaja beginning with the front row.

VII. Retired officers will be seated after officers in active service of the same rank as that held by them prior to their retirement.

VIII. Officers on the personal staff of His Highness, the Private Secretary to His Highness, etc., are left out of the persent classification and their places in Durbars and other ceremonial occasions will be left to His Highness' pleasure.

British Military Dairy Farm

No. G. 5842-5—P. P. 163-18-7, DATED 5TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following papers on the subject of the acquisition of certain lands in the Hadgodi and Koramangala villages of the Bangalore Taluk for the extension of the Military Dairy Farm on the Hosur road :—

(1) Letter No. 8601, dated the 16th December 1918, from the First Assistant to the Hon'ble the Resident in Mysore.—"I am directed to state that the Military Authorities wish to acquire more land for their Dairy Farm on the Hosur road with a view to relieve the present congestion, and propose to acquire 22·03 acres of land situated in the Mysore State outside the limits of the Civil and Military Station of Bangalore, and marked in the enclosed plan.

2. I am to request that the Hon'ble the Resident may be favoured with the views of the Durbar on the above proposal. I am also to request that, if there is no objection, an estimate of the value of the land may kindly be furnished. I am to enquire whether, in case the Military authorities should so desire, the Durbar will be good enough to take suitable action for the acquisition of the land under their Land Acquisition Regulation."

(2) Letter No. C. 2460—Gl. 18-19, dated the 18th January 1919, from the Revenue Commissioner in Mysore—"With reference to your letter No. G. 12152—P.P. 163-18-2, dated 20th December 1918, requesting the submission of my views on the proposal of the British Military Authorities to acquire about 22 acres of land in the Mysore State outside the limits of the Civil and Military Station of Bangalore for the extension of the Dairy Farm on the Hosur road, I have the honour to forward herewith copy of letter No. C. 539 of 18-19, dated 12—13th instant, together with a file of vernacular papers, from the Deputy Commissioner, Bangalore District, submitting the particulars of the lands in question.

2. Out of the lands shown in the tracing received with your letter, Survey No. 56—1 (3 acres 39 guntas assessed at Rs. 6) is an occupied land in the Government village of Hadgodi in the Bangalore Taluk and the value thereof is estimated at Rs. 300 an acre. The remaining Survey Nos. 28, 29, 30, 180 and 179 belong to the adjoining Kayamgutta village of Koramangala and measure 17 acres 2 guntas with an assessment of Rs. 46 some of which are classed as dry and the rest as garden. The value of dry lands in Survey Nos. 28, 29, and 30 has been estimated at Rs. 450 an acre and the garden lands at Rs. 500, while the lands in the remaining two survey numbers, *viz.*, 180 (gardens) and 179 (dry) are estimated at Rs. 300 an acre. Thus the total value of all the lands proposed to be acquired will come to Rs. 8,899 including the value of the malki thereon, although it is stated to be Rs. 9,180 in the Deputy Commissioner's letter. The above rates were fixed by the villagers in the presence of the Amildar ; but it seems to me that the rate for dry lands is rather high.

3. It is not clear whether the Military Department intend to acquire the lands by private negotiation from the khatedars or whether we have to acquire them under the Land Acquisition Regulation and then lease the lands to the Military Department as was done in the case of the lands comprised in the present Dairy Farm.

4. There are two burial grounds, *viz.*, one in Survey No. 56—1 and the other in Survey No. 28; and the Deputy Commissioner proposes that the villagers who are said to be Roman Catholics may be allowed to use both the burial grounds and that the entrance leading to the first of these may be reserved. It is desirable to enclose the burial ground in Survey No. 56-1 together with the pathway leading to it, which have to be reserved for the public. The burial ground in Survey No. 28 may be excluded altogether as it is situated at a corner of the block. As regards the cart-track running through Survey Nos. 56—1, 179, 29 and 28, it is not desirable to allow it to be used by the villagers after acquisition as such a concession is likely to lead to future disputes and possible complications. The cart-track may be diverted and made to run outside the block, the cost involved by this diversion being met by the Military Department. It may be made a condition of the grant that the feeder channel to the Koramangala tank should be left undisturbed, as recommended by the Deputy Commissioner.

5. The tracing received with your letter is returned herewith.

(3) Letter No. Pol. 892, dated the 6th March 1919, to the First Assistant to the Hon'ble the Resident in Mysore.—"I am directed to invite reference to your letter

NO. G. 5842-5—P. P. 163-18-7, DATED 5TH SEPTEMBER 1919.

No. 8601, dated the 16th December 1918, regarding the proposal of the Military Authorities to acquire 22·03 acres of land situated in the Mysore State outside the limits of the Civil and Military Station, Bangalore, for the Dairy Farm on the Hosur road. I am to observe that it is not clear whether the Military Authorities intend to acquire the lands in question by private negotiations from the present owners as in the case of the large extent of land (known as Rochdale Park) in the Hadgodi village owned by the Farm, or whether they want that the Durbar should acquire them under the Land Acquisition Regulation and place them in the possession of the Dairy Farm authorities.

2. If, however, the latter course is preferred, the Durbar will have no objection to take the necessary steps if the Military Authorities will agree to bear the cost of acquisition which is likely to amount to about Rs. 8,898-12-0 as shown in the enclosed rough valuation statement, the exact amount being intimated in due course after action under the Land Acquisition Regulation is taken and also pay to the Durbar the annual assessment of Rs. 52, which they are at present getting on the lands in question. It is further understood that the proposal involves no transfer of jurisdiction.

3. It is reported that in the lands proposed to be acquired there are two burial grounds, *viz.*, one in Survey No. 56—1 and the other in Survey No. 28 and a cart-track passing through Survey Nos. 179, 29 and 28 and also a feeder channel to the Koramangala tank passing through Survey No. 180 and bordering Survey No. 28. As the villagers concerned desire to be allowed to continue the use of the burial grounds and the cart-track, the Durbar consider it necessary that the burial ground in Survey No. 56—1 together with the pathway leading to it and the burial ground in Survey No. 28 should be reserved for the use of the public and that in order to avoid future disputes and possible complications the cart-track should be diverted and made to run outside the block; the cost involved in this diversion will have to be met by the Military Authorities. The Durbar further consider that the feeder channel to the Koramangala tank should be left undisturbed.

4. I am to request to be informed whether the Military Authorities agree to the above proposals and whether further action may be taken to acquire the lands and place them in their possession. The plan received with your communication under reply is herewith returned.

5. In this connection I am to suggest that in view of the removal of the Hebbal Rifle Range Butts to another site (*vide* correspondence ending with this office letter No. Pol. 164, dated 9th August 1918) and the change in the requirements of the Military Department as a consequence the whole question of the needs of the Military Authorities may if there be no objection be gone into as a comprehensive scheme."

(4) Memo No. 6472, dated the 22nd August 1919, from the First Assistant to the Hon'ble the Resident in Mysore.—A copy of the marginally noted letter, with enclosures is forwarded to the Chief Secretary to the Government of His Highness the Maharaja of Mysore, for information and favour of necessary action with reference to his letter No. Pol. 892, dated the 6th March 1919.

No. 5171-35 (Q. 1), dated 8th August 1919, from the Brigadier-General I—C Administration, 9th (Secunderabad) Division.

ENCLOSURES.

Letter No. 5471-35 (Q. 1), dated the 8th August 1919, from the Brigadier-General 1—C Administration. 9th (Secunderabad) Division, to the First Assistant to the Hon'ble the Resident in Mysore, Bangalore.

With reference to your No. 2199, dated the 20th - 21st March 1919, regarding the acquisition of five plots of land at Bangalore required by the Military Dairy Farm, I have the honor to forward copies of the marginally noted communications on the subject and to request that you will kindly ask the Mysore Durbar to take further action to acquire the lands and place them in the possession of the Military Authorities and to intimate the exact sum to be expended in this connection.

* Letter No. 455, dated the 23rd April 1919, from the Asst. Director, Dairy Farm, Southern Circle.
Letter No. 17002—I (Q. M. G. 9), dated the 15th July 1919, from the Government of India.

Letter No. 455, dated the 23rd April 1919, from the Assistant Director, Dairy Farm, Southern Circle, to the G. O. C. 9th (Secunderabad) Division.

I have the honor to acknowledge receipt of your letter No. 5471-31 (Q. 1.), dated the 3rd April 1919, and with reference thereto to inform you that I entirely agree with the conditions set forth by the Chief Secretary to the Government of His Highness the Maharaja of Mysore in his letter No. Pol. 892, dated the 6th March 1919.

2. I would request the favour of the Mysore Durbar acquiring the land under the Land Acquisition Act and hand it over to the Bangalore Dairy.

No. G. 5842-5—P. P. 163-18-7, DATED 5TH SEPTEMBER 1919.

3. I would also request that the necessary action in the matter should be taken by you.

Letter No. 17002-1 (Q. M. G. 9), dated the 15th July 1919. from the Deputy Secretary to the Government of India, to the Quarter-Master General in India.

I am directed to refer to Memorandum No. 7580-1—Q. 2, dated the 28th May 1919, from the General Officer Commanding, Southern Command, to your address, submitting a proposal for the acquisition of five plots of land measuring 22·03 acres at Bangalore required for the Military Dairy Farm at that station.

2. It is stated that the Government of Mysore are willing to acquire this area and hand it over to the Military Authorities at an estimated cost of Rs. 8,898-12-0, the exact amount to be intimated after action under the Land Acquisition Regulation has been taken, and on payment to the Mysore Durbar of an annual assessment of Rs. 52.

3. I am to say that the Government of India sanction the acquisition of the lands on the terms stated. The initial expenditure should be treated as pertaining to the schedule measure "Expansion of dairies" and an allotment of funds to meet it will be made when the amount required is definitely known.

Order No. G. 5842-5—P. P. 163-18-7, dated 5th September 1919.

Government are pleased to sanction the acquisition of the land in question. The declaration statement will be published in the Gazette. The Deputy Commissioner, Bangalore District, is requested to take immediate steps to complete the acquisition.

2. The cost of acquiring the land and of the diversion of the cart-track passing through Survey Nos. 179, 29 and 28 as suggested by the Revenue Commissioner will be borne by the British Military Authorities. The Deputy Commissioner is requested to intimate the amount awarded as compensation and also the cost of diversion of the cart-track referred to above. The Comptroller is authorised to place at the disposal of the Deputy Commissioner, Bangalore, an advance of Rs. 10,000 for this purpose subject to recoupment on payment by the Military Authorities.

3. After the completion of the proceedings under the Land Acquisition Regulation, the land will be handed over to the Dairy Farm Authorities by the Deputy Commissioner, Bangalore District.

4. The jurisdiction over this land will remain with the State and the annual assessment payable on it, *viz.*, Rs. 52 will be paid annually by the British Military Authorities. A note should be made to this effect in the village accounts.

READ--

The following letter No. 32, dated the 26—30th August 1919, from the Registrar of Authorized Publications in Mysore :—

"I have the honor to state that according to the existing practice, the printers of books in the State are required to send to the District Magistrate two copies for purposes of registration, one of which will be retained in the District Magistrate's office and the other is transmitted to this office. When the catalogue of publications is forwarded to the India Office Library and the British Museum in London, some of the books are selected by the respective Librarians who send a requisition for a copy each. The time taken between the date of the receipt of a book in this office and the date of the receipt of this requisition usually exceeds six months, when this office starts correspondence with the Authof of the books selected asking them to supply the publications. But the experience of this office has invariably been that the authors are not usually found at the address given, that the printers are unable to supply the books wanted as they will have delivered the copies to the authors and that when the authors are found, they usually plead inability to supply the book either because it has been sold out or is not bound or is not available for some reason or other. In many cases no reply is received from the authors for months in response to the requisition from this office. At various times, the clerk in charge in order to save delay and correspondence has been obliged to go round the City, if it is Bangalore, finding out the author to get the book. This has caused endless delay and unnecessary correspondence.

I therefore beg to propose that instructions may be issued to the printers of books to supply in future four copies of the books to the District Magistrate instead of two as at present : one of which will be retained by him and the remaining three being forwarded to this office. Out of these three copies, one copy will be made use of by this office for transmission to the Education Department and other two retained against the possible contingency of being selected by the London Libraries. Should they be so selected, they will at once be despatched without wasting any time in correspondence with the authors and the cost of the books selected remitted to the address given by the author.

If this course is adopted, it will result in considerable saving of delay, correspondence and trouble and I beg you will kindly get the sanction of Government for my proposal at a very early date."

Order No. G. 7601-9--P. P. 19-19-3, dated 19th September 1919.

Government observe that it is neither desirable nor necessary to increase the number of copies of books to be delivered by the printers under Act XXV of 1867 in order to provide against such remote instances as those represented by the Registrar. They are, however, pleased to direct that the copy which is at present kept by the District Magistrate should also be sent in future to the Registrar of Authorized Publications in Mysore.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The District Magistrates of Districts.
The Registrar of Authorized Publications in Mysore.

Administration Report on the working of the Government Stationery Depot for the official year 1918-19, received with letter No. 124, dated 14th August 1919, from the Superintendent, Government Stationery Depot.

Order No. G. 7744-93—P. & S. 27-19-3, dated 22nd September 1919.

1. Recorded.

2. Only Rs. 901-11-0 worth of superior English Paper was purchased during the year, and almost all other purchases of stationery were made from Indian Mills and Local Firms. The total value of stationery purchased was Rs. 2,32,727-8-3.

3. Thirty-five offices were newly added to the list of officers authorised to indent for stationery, but the total value of supplies made to the various departments was kept down to Rs. 2,34,427-10-11 as against Rs. 2,82,804-9-1 in the previous year, by the observance of economy.

4. The working of the Depot was satisfactory.

No. G. 8039-90—P. & S. 26-19-3, DATED 26TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Government Central Press, the Mysore Gazette Office, the Branch Press at Mysore and the Office of the Registrar of Authorized Publications in Mysore, for the official year 1918-19, submitted by the Superintendent, Government Printing, with his letter No. 422, dated 9th August 1919.

Order No. G. 8039-90—P. & S. 26-19-3, dated 26th Sept. 1919.

Recorded.

2. Mr. D. B. Ramachandra Mudaliar was confirmed as Superintendent, Government Press and Stationery Depot, and *Ex-officio* Superintendent, Government Stamp Manufactory during the year.

3. The duty of controlling printing work done on behalf of all Government Departments, both in the Government as well as private presses, was entrusted to the Superintendent, whose designation was changed to "Superintendent, Government Printing and Stationery."

4. Only a small addition was made to the machinery at the Central Press during the year in the shape of a wire stitching machine purchased for Rs. 406; 2,167 lbs. of type were also purchased at a cost of Rs. 3,111-12-0 and 12,601 lbs. of type valued at Rs. 7,200-3-10 were cast and taken to credit in the Press Stock.

5. To cope with the work of the University and the State Railway Department, the staff of the Branch Press at Mysore was strengthened by 34 additional hands by an extra cost of Rs. 6,192 per annum and additional buildings were also sanctioned. One 10-horse power motor costing Rs. 1,628 and a Babcock Standard Machine costing Rs. 7,887-8-0 were added to the equipment of the Branch Press. In addition to these, type was purchased at a cost of Rs. 11,958-10-0.

6. The total expenditure for the year was Rs. 1,06,362-4-9 as against Rs. 1,34,579-13-0 in the previous year.

7. The total outturn consists of 46,306½ pica pages as against 56,615 during the previous year. This does not, however, indicate a decrease in the outturn of work itself. The reduction in the number of pages was, on the contrary, deliberately secured as a measure of economy by setting up the matter more closely and by using type of smaller body than previously in some cases.

There was a decrease in the number of pages of standing matter due to the policy of reducing the amount of standing matter and stereo-typing the important forms. There was also a general decrease in the binding, perforating, ruling and numbering work done during the year. There was on the other hand an enormous increase in embossing work owing to the reduction of embossing got done in England.

8. The number of units of overtime work during the year under review was 2,289 against 4,299 during the previous year, the decrease being due both to a better organisation of work and the all round reduction in the work done.

9. The General Education School attached to the Press continues to do satisfactory work and there were during the year 44 students on the rolls. The morning class for the press employees also continued to be held and one of the employees who attended it passed in composing, intermediate grade.

10. The Governmet Press has been maintained at its high level of efficiency and the Government desire to compliment Mr. D. B. Ramachandra Mudaliar on the sustained enthusiasm he has shown in his work and the economies he has been able to effect.

The Huzur Secretary to His Highness the Maharaja of Mysore.

Exd.— G W. B.

No. G. 7653-65—Med. 93-18-8, dated 20th September 1919.

Rules to regulate the training, employment and promotion of Compounders in the Medical Department.

1. Government will from time to time on the recommendation of the Senior Surgeon, according to the requirements of the Medical Department, sanction scholarships not exceeding 24 for men and 4 for women every year, to candidates desirous of qualifying for the post of compounders.

2. On receipt of such sanction, the Senior Surgeon will cause a notification to be published in the *Mysore Gazette* inviting applications from qualified candidates.

3. Applications for scholarships should contain information regarding the age of the applicant, caste or nationality, and address in full, and should also be accompanied with the following certificates:—

(*a*) A certificate of character signed by the Head Master of the school last attended by the applicant;

(*b*) a certificate of physical fitness and vaccination signed by a Medical Graduate of a recognised University;

(*c*) a certificate from any officer of the State holding a substantive appointment carrying a pay of not less than Rs. 100 to the effect that the applicant is a Mysorean either by birth or domicile.

Applicants must not be above 25 years of age, and must be literate in English and Kannada. Preference will however be given to passed candidates.

4. Candidates selected for the award of scholarships will be required to execute a covenant in the form appended to Government Order No. G. 160-1—Med 65-18-10, dated 3rd July 1919, agreeing, if called upon, to serve in the Mysore Medical Department for a period of at least 10 years after obtaining the qualification of compounder or to refund the total cost incurred by Government in training them.

5. Pupil compounders who have executed the covenant as above will be granted, during the period of their training, a scholarship of Rs. 8 in the case of men and Rs. 10 in the case of women in addition to the cost of books and travelling allowance, at single 3rd class rates, to join 1st appointment.

6. Training in the art of compounding will be given at the Medical School, Bangalore, and will extend over a period of 1 year as shown below:—

	Morning	*Evening*
Winter or long term (9 months.)	Compounding and surgical dressing in the Victoria Hospital.	Materia Medical and Pharmacy (with the 1st year Medical Students).
Summer or short term (3 months)	Ambulance for 6 weeks at the Victoria Hospital and vaccination in the Vaccine Institute.	Office work and compilation of statistics and periodical returns.

7. Only candidates who have successfully undergone the above course will be eligible for appointment as Compounders in any State or Aided Medical Institution.

8. Candidates who fail in the final qualifying examination, may be remitted to their studies for a further period of three months, with or without scholarship according to circumstances and with the sanction of the Senior Surgeon, and re-examined at the end of that period.

9. The pay and prospects of qualified compounders will be as shown below:—

		Rs.
4th class	.. 1 to 5 years service	.. 15 per mensem
3rd „	. 6 to 10 do ..	.. 18 do
2nd „	.. 11 to 15 do ..	.. 21 do
1st „	.. over-15 do ..	.. 25 do

They will also get the local or malnad allowances attached to certain institutions or localities.

In addition, women compounders will get a sex allowance of Rs. 5.

10. The promotion of compounders from one class to another will depend on the report of the District Medical Officer or the Medical Officer of the institution concerned, to the effect that they have kept up their professional knowledge without deterioration and have rendered approved service and been generally of good behaviour.

No. G. 6268-70—San. 93-18-7, dated 11th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 18977-9—San. 73-17-6, dated 1st March 1919, sanctioning the reorganisation of the Public Health Department.

2. Letter No. G. C. 438-2, dated 10th April 1919, from the Sanitary Commissioner, submitting proposals for the allocation of the officers of the Sanitary Department in the newly sanctioned grades.

3. Letter No. G. C. 347-2, dated 14th April 1919, from the same officer, forwarding the representations of certain officers urging their claims for preferment in the allocation proposals.

Order No. G. 6268-70—San. 93-18-7, dated 11th September 1919.

After carefully considering the proposals of the Sanitary Commissioner and the claims of the officers, Government are pleased to sanction the allocation of officers of the Public Health Department, in the new grades sanctioned in the order of 1st March 1919, as shown in the annexed statement, with effect from that date.

2. Government are pleased to direct that the appointment of the Superintendent, Vaccine Institute, be kept separate from the strength of the staff of the Public Health Department, sanctioned in the Government order of 1st March 1919 and its pay be fixed at Rs. 150—15—360 as in the case of District Sanitary Officers. The present incumbent, Mr. J. Iswaramurthi B.A., L.M.S., B.S.SC., will draw Rs. 165 per mensem in that grade.

3. The local and malnad allowances now drawn by the District Sanitary Officers of Shimoga, Kadur and Hassan and the house-rent allowance drawn by the Health Officer of the Kolar Gold Fields and the Superintendent of the Vaccine Institute will continue.

GENERAL AND REVENUE DEPARTMENTS

READ—

Extract from the tour notes of the Dewan in the Districts of Tumkur, Kadur and Hassan in January 1919 :—"A comprehensive set of registers under Malnad Improvement Scheme should be prescribed and check measures insisted on before final bill is sanctioned."

2. Letter No. 560—M. I. 1918-19, dated 14th July 1919, from the Deputy Commissioner and Chairman, Malnad Improvement, Shimoga District, forwarding the resolution of the Malnad Improvement Committee that the marginally noted registers should be maintained and that each work should be inspected by a responsible officer of Government before the final bill is passed for payment that in the case of works costing Rs. 500 and less, the inspection might be made by the Amildar of the Taluk and in other cases by the Sub-Division Officer or other Assistant Commissioner in charge of the works.

1. Register of sanctioned works.
2. Do of Bills received and passed.
3. Do of Abstract Contingent Bills.
4. Do of Detailed Contingent Bills.

Order No. G. 8000-4 (3)—San. 95-18-18, dated 26th September 1919.

The forms of the first two registers are approved with slight modifications and are appended to this order. An extract from the Register of Works in the appended form should be sent to the Comptroller on the 10th of every month. The Register of Abstract Contingent Bills should be in Form No. 10 of the Civil Account Code, Volume I, and no separate Register of Detailed Contingent Bills need be kept but a note of the preparation and submission of Detailed Contingent Bills should be made in the Register of Abstract Contingent Bills.

2. Government also approve of the suggestion of the Deputy Commissioner with regard to the checking of the works, those costing Rs. 500 and less being inspected by the Amildar of the Taluk and those costing more by the Sub-Division Officer or the Assistant Commissioner in charge of the work before the final bill is passed for payment.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioners and Chairman, Malnad Improvement Committees, Shimoga, Kadur and Hassan Districts.
The Comptroller, Mysore Government.
The Revenue Commissioner in Mysore.

Second Grade Pleaders.

No. G. 5800-1—Cts. 262-18-3, dated 5th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 5 of Government Order No. J. 1377-142-6—Cts. 335-14-4, dated 22nd October 1917, granting a period of two years to partly qualified candidates and matriculates or S. S. L. C. holders to get themselves enrolled as Second Grade Pleaders.

2. Correspondence ending with letter R. O. C. No. 1362—18-19, dated 8—9th July 1919, from the Registrar, Chief Court, stating that the Judges have no objection to the proposal to extend the time-fixed in the Government Order read above by a further period of three years.

Order No. G. 5860-1—Cts. 262-18-3, dated 5th September 1919.

'The Select Committee appointed to consider the bill to amend the Mysore Legal Practitioners' Regulation, 1884, recommended in their report that the time limit of two years fixed in paragraph 5 of the Government Order read above may be extended by another three years in order to allow a sufficient number of persons to enrol themselves as Second Grade Pleaders. The Chief Court have no objection to the Committee's recommendation, which is accordingly approved.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Registrar, Chief Court of Mysore, Bangalore.
The Secretary to the Board of Management, Local Service and Pleaders' Examinations.

Horse Allowance to Prosecuting Inspectors of Police.

No. G. 8251-60—Pol. 188-18-2, dated 30th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 7447-539, dated 21st—23rd April 1919, from the Inspector-General of Police in Mysore, recommending, for reasons stated, the grant of horse allowance to all the Prosecuting Inspectors in the State as in the case of the other Inspectors.

Order No. G. 8251-60—Pol. 188-18-2, dated 30th September 1919.

Government consider that it is desirable to encourage Police Officers to keep horses and are accordingly pleased to sanction the grant of horse allowance to Prosecuting Inspectors at the same rates as those allowed to other Inspectors at the same station. The grant of the allowance will be subject to the condition that the Inspector actually maintains a horse for the purpose of riding ; and a certificate to this effect should be invariably furnished with the pay bill of the officer.

2. The Inspector-General of Police is requested to indicate direct to the Comptroller the source from which the cost has to be met.

C. S. BALASUNDRAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore.
The Comptroller to Government through the Financial Secretariat.
The Deputy Commissioners of Districts.

Report on the Administration of Jails and Lock-ups.

No. G. 5716-29—Pris. 72-18-4, dated 4th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 9675-19, dated the 25th April 1919, from the Inspector-General of Prisons in Mysore, submitting the Report on the Administration of Prisons in Mysore for the calendar year 1918.

Order No. G. 5716-29—Pris. 72-18-4, dated 4th September 1919.

The year opened with 1,039 prisoners of all classes in the Jails and Lock-ups of the State and the admissions during the year numbered 11,089, giving a daily average of 1203·37 against 1164·01 in the previous year. Out of these, 10,872 were discharged, leaving a prison population of 1,256 at the close of the year.

2. The number of convicts under 15 years of age admitted during the year under review was 68 against 46, 28 and 19, respectively, in the three preceding years and there was also a marked increase in the number of recommittals among juveniles, which is reported to be 11 against 2, 4 and 5 in the three preceding years. Government have noticed with concern this unfortunate rise in the number of juvenile offenders and they trust that satisfactory arrangements have been made for enforcing the provisions of the Jail Manual for the proper training and education of this class of convicts and for preventing their association with other prisoners.

3. Government are glad to note that the admissions of females, on the other hand, which had risen from 89 in 1905 to 138 and 141 in the two succeeding years decreased to 108 during the year under report and that among these the number with previous conviction also declined to 6 from 15 and 13 in the two preceding years.

4. The Inspector-General of Prisons has often reported that the number of short term convictions is disproportionately large. This is due to the fact that the provisions of Section 562 of the Criminal Procedure Code for the conditional release of first offenders under certain circumstances are not availed of as largely as may be desired. The attention of Magistrates has already been drawn to this matter in Government Orders Nos. J. 727-39—Pris. 60-16-4, and J. 4991-5004—Pris. 43-17-3, dated 27th August 1917, and 6th June 1918 and Government take this opportunity to impress again upon them the need for a larger use of the discretionary power referred to above in cases in which its application is warranted.

5. Another matter to which Government regret to have to draw the attention of Magistrates again is the omission referred to by the Inspector-General of Prisons in paragraph 17 of his report to furnish to the Jail Authorities the records of previous conviction when convicts are sent to prison for incarceration. The proper administration of jails depends in many ways upon a correct classification of prisoners into first offenders and habituals, so that reclaimable offenders may be kept aloof from the demoralizing company of hardened criminals. It is unsatisfactory that the prison authorities should be left to their own resources to ascertain the antecedents of the convicts for the purpose of such classification. The immediate responsibility for facilitating this classification rests upon the Magistrates and it is hoped that they will perform their duties in this respect with greater care in future.

6. The increase in sickness and mortality among prisoners is accounted for by the prevalence of influenza in an epidemic form in the months of October and November 1918. The comparatively small number of deaths from this disease speaks to the vigilant care exercised in this connection by the Medical Officers in charge of the Jails and Lock-ups.

7. Jail offences were on the decrease and the concessions under the remission rules were availed of to a fairly large extent. These facts show that the prisoners were kept under proper discipline and that their conduct was on the whole good. With a view to popularise the remission system the practice of mustering prisoners

and explaining to them the benefits of the remission rules should be introduced in the Bangalore and Mysore Jails and its adoption should be strictly enforced, in the case of newly admitted convicts.

8. As regards religious and moral instruction, which should occupy a leading place in the means employed for the reclamation of criminals, the present arrangements which are the result of private efforts are spasmodic in their nature and are devoid of any method. The Inspector-General of Prisons is requested to make satisfactory arrangements, in consultation with the Inspector-General of Education, for imparting such instruction to the prisoners in a systematic manner.

9. With regard to the difficulty referred to in paragraph 46 of the report, in securing the proper type of men for employment as warders, Government have lately sanctioned an increased scale of pay to the Warder Establishment and they trust that this will attract competent recruits to the Jail Service.

10. The gross expenditure of the year under report, excluding the outlay on buildings and repairs undertaken by the Public Works Department, amounted to Rs. 1,15,350 against Rs. 1,04,264 in the previous year. This increase was due to the high prices of food stuffs and articles of clothing. The net cost of maintenance of convicts was in consequence Rs. 79-6-9 per head against Rs. 75-2-2 in the previous year, the cash earnings of prisoners amounting to Rs. 19,772-6-7, or an average of Rs. 25-6-0 per head against Rs. 20-6-10 in 1917.

11. The Manufacturing Sections of the Bangalore and Mysore Jails absorbed 300 prisoners and the steady improvement reported in the quantity and quality of the work turned out is noteworthy. Government have had under consideration for some time past the question of developing the Jail industries and have recently sanctioned the deputation of the Superintendent of the Central Jail to certain Jails in the Madras Presidency with a view to improve this branch of the Jail Administration. A special allotment of Rs. 5,000 for the purchase of raw materials and a non-recurring expenditure of Rs. 2,000 and a recurring expenditure of Rs. 100 for tools and plant have also been sanctioned for improving the industries carried on in the Mysore Jail.

12. The report discloses a lack of proper appreciation of their duties on the part of visitors of jails, official as well as non-official. The Inspector-General of Prisons is requested to draw the attention of the *ex-officio* visitors to their responsibilities in this matter under Chapter III of the Jail Manual and to take steps to replace such of the non-official visitors as are not able to take an active interest in the duties expected of them, by others sufficiently public-spirited to give due attention to this important work.

13. The Annual Report on the Administration of Prisons, as it is at present drawn up, does not give sufficient prominence to the working of the Central Jail in Bangalore and the District Jail in Mysore, which is widely different in many respects from that of the ordinary Lock-ups. Government therefore direct that in future this report be divided into three parts—Part I dealing with the two larger Jails, Part II with the Lock-ups and Part III containing observations on the general administration of the Department.

14. Government are glad to note that the Inspector-General of Prisons did considerable inspection work during the year under review and that his administration of the Department has on the whole been satisfactory.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Prisons in Mysore.
The Inspector-General of Police in Mysore.
The Registrar, Chief Court of Mysore, Bangalore.
The District Magistrates of Districts.
The Chief Engineer in Mysore.
The Comptroller to Government.
The Sanitary Commissioner in Mysore.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. G. 4604-54—G. M. 314-17-1, dated 3rd October 1917, issuing revised Rules for the occupation of the New Travellers' Bungalow at Mysore.

Order No. G. 41-91—G. M. 9-19-4 dated, Camp Mysore, 28th September 1919.

Rule (2) of Appendix II to the Government Order dated 3rd October 1917, read above is modified as below:—

"The fee for each person occupying a suite of rooms in the building shall be Rs. 3 per diem whether it is occupied for a whole day of 24 hours or fraction thereof. Two or more persons (whether married couples or not) occupying the same suite of rooms will pay half as much again as the full fee. Fees at the same rate will be levied for every additional occupancy of 24 hours or a fraction thereof."

2. Rules 3 and 4 of the said rules will be deleted.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Private Secretary to His Highness the Maharaja.
The Comptroller, Mysore Government, through Financial Secretariat.
The Heads of Departments.
The Deputy Commissioners of Districts.

CONFIDENTIAL

Dress to be worn by Indian Members of the Representative Assembly.

No. G. 6329-38
R. A. 21-19-1.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE, GENERAL AND REVENUE SECRETARIAT,
Bangalore, dated 12th September 1919.

MEMORANDUM.

The Indian Members of the Representative Assembly are requested to wear Long Coats, while attending the sittings of the Assembly.

2. The use of shoes of Indian pattern within the Durbar Hall will not be permitted.

3. A cloak room for leaving shoes, etc., will be provided for the convenience of the members.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioners of Districts.
The Presidents of the Bangalore and Mysore City Municipalities for communication to the Representative Assembly Members.

Re-organization of the Department of Mines and Geology.

No. G. 7041-7100—Geol. 69-18-11, dated 18th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 8445-93—G. M. 292-14-1, dated the 9th February 1915, regarding the Re-organisation of the Geological Department.

2. Letter No. 1854, dated the 13th January 1919, from Dr. W. F. Smeeth, Director, Department of Mines and Geology submitting a note regarding the changes necessary in the general policy, grading and distribution of officers as well as allocation of work in the Department, and proposing certain arrangements for allowing him more time for developing schemes which he studied while on his recent deputation to Europe and America, and for the better administration of the Mining and the Geological branches, the latter in respect both of scientific prospecting and economic investigation.

Order No. G. 7041-7100—Geol. 69-18-11, dated 18th September 1919.

The Geological Department was first constituted in the year 1894, with the principal object of carrying out a complete Geological survey of the State on the most approved scientific principles and the publication of the results of such survey in the form of maps and bulletins. Previously to this, a special survey of the auriferous tracts of the State had been ordered in the year 1886 and the results of this and a later survey made by Mr. R. Bruce Foote of the Geological Survey of India in 1887 were published as a report in the latter year, but a survey of the whole State with a view to ascertain its mineral possibilities was thought of only in 1890 and the department formed four years later.

2. In the order constituting the department, the following items of work were assigned to it in addition to the survey which was to be the main part of the programme—

(1) the training of a number of young men to be Geologists and Mining Engineers, including instruction in Geology for the B. A. Examination of the Madras University in the Central College, Bangalore;

(2) the collection of objects of Geological, Mineralogical, Metallurgical and Mining interest in a Museum;

(3) the maintenance of a laboratory for mineral assay and analysis; and

(4) the inspection and supervision of the gold mines then existing.

3. This continued to be the programme of the department for the next twenty years with only a few changes. The work of controlling the storage and use of explosives was taken up in the year 1898 and the imparting of instruction in Geology in the Central College was dissociated from the department in 1909. Secretariat work relating to the department which was first attended to in the General and Revenue Secretariat was transferred to the department from the year 1896. During this period of twenty years, two-thirds of the area of the State were more or less accurately surveyed and the results of the survey published in the shape of reports and maps, in addition to memoirs, bulletins and notes issued from time to time. But owing to the growth of miscellaneous duties and the want of a suitably trained staff in the earlier years, the department was not able to devote adequate attention to some of the functions assigned to it in the original order.

4. A re-organisation was therefore made in 1915 and in Government Order No. G. 8445-93—G. M. 292-14-1, dated 9th February 1915, the programme laid down in 1894 was revised in the light of the experience that had been gained. The work of the department was classified under four main heads:—

(i) Geological Survey and Exploration,

(ii) Inspection of Mines and Explosives,

(iii) Production of Minerals and the development of Metallurgical industries on a commercial scale, and

No. G. 7041-7100—Geol. 69-18-11, dated 18th September 1919.

(iv) Training of Geologists, Mining Engineers and Prospectors. Special emphasis was laid upon the production of minerals and the development of metallurgical industries on a commercial scale. The position and prospects of the officers of the department were improved in view of the increased responsibility placed on them and in order to give the Head of the department relief from some routine work and allow of his devoting more attention to his scientific work, the Secretariat work till then attended to by the Head of the department, was transferred to the General and Revenue Secretariat.

5. On further examination it is found that in order to carry out the policy laid down in 1915, and to meet the needs of the several branches of work during the next ten years, it is necessary to make a more thorough revision of the organisation. While the investigation of the mineral possibilities of the State with a view to their exploitation on a commercial basis is undoubtedly and urgently called for, it is felt that the Geological Survey of the State should receive adequate attention and should be carried on systematically and continuously. A definite allocation of the officers of the department to these two branches of work is therefore necessary. A more systematic and liberal grading is also required to attract to the Department the best type of men available and to fit them in course of time for the more responsible offices of the department. It is also desirable to separate the various branches of the work so far supervised by Dr. Smeeth, *viz.*, the Geological, the Mining and the Explosives branches, and to allocate responsibility to separate officers in regard to each. Under the existing arrangement, though one officer has as the Head of the department attended to all these branches himself, yet Government consider that the work has for many years past been too discursive and complex for any one officer to control. The department has at present no representatives in the districts and as the officers of the Revenue Department have often been unable to give prompt attention to requisitions from the department, thorough supervision of the activities of prospectors in the districts and any check of work done under prospecting and other licenses has been found to be impossible. The time has now come to remedy these defects which are incidental to the expansion of the work of the department during the past twenty years and to divide the various branches of the work amongst the officers to whom definite duties and responsibilities will be allocated. Government are also anxious that Dr. Smeeth should be allowed to have more time for developing certain schemes which he has studied during his recent deputation in Europe and America; and this, it is feared, will not be possible if he is to attend, as heretofore to the ordinary work of the department.

6. Government are therefore pleased to direct as follows:—

Dr. Smeeth will, until further orders, be placed on special duty. Separate orders will issue regarding his functions and responsibilities.

The present Department of Mines and Geology will be divided into two separate departments designated (1) the Geological Department and (2) the Department of Mines and Explosives.

The Explosives branch will form a part of the Mining Department and will be in charge of an Inspector of Explosives with an Assistant who will be a chemist with some experience of building construction and drawing.

7. *Revision of Staff.*—The following staff will be provided for these departments on the pay and allowances shown in the proposition statement appended:—

Geological Department.

1 Director.	2 Assistant Geologists.
1 Office Assistant to the Director.	5 Sub Assistant Geologists.
1 Deputy Director.	2 Probationers.
1 Senior Geologist.	2 Assistant Chemists.

Department of Mines and Explosives.

1 Chief Inspector of Mines in Mysore.	1 Junior Inspector of Mines.
1 Inspector of Mines.	1 Inspector of Explosives.
1 Assistant Inspector of Mines.	1 Assistant Inspector of Explosives.

The pay and prospects of the Chemists in the Department will be settled along with the question, which the Government have in view of revising the pay and prospects of Chemists in the other departments of the State.

No. G. 7041-7100—Geol. 69-18-11, dated 18th September 1919.

The financial effect of sanctioning the revised staff for the two departments is shown in the proposition statement from which it will appear that the extra expenditure involved when the whole scheme is brought into force will be Rs. 118¾ per mensem for the Geological Department and Rs. 911¼ per mensem for the Mining Department or a total of Rs. 1,030 per mensem.

The existing officers of the two departments will be allocated in the revised grades as below:—

Geological Department.

Director	..	Dr. Smeeth (to be on special duty)
		Mr. B. Jayaram (to be *sub pro tem*)
Office Assistant	..	,, Varadaiya.
Deputy Director	..	,, B. Jayaram (Director, *sub pro tem*)
		,, Sampathiengar (to be *sub pro tem*)
Senior Geologist	..	,, Sampathiengar (Deputy Director, *sub pro tem*)
		,, A. M. Sen (to officiate)
Assistant Geologists	..	,, A. M. Sen (to officiate as Senior Geologist)
		Messrs. B. N. Venkataramiah and B. Balaji Rao (to officiate)
Sub-Assistant Geologists	..	,, T. P. Kailasam, B. Rama Rao and V. T. Venugopal.
Assistant Chemists	..	,, Anantanarayana Iyer and Tirumalachar.

Department of Mines and Explosives.

Chief Inspector of Mines in Mysore	..	Mr. R. Bocquet.
Inspector of Mines	..	,, L. H. Beckwith.
Assistant Inspector of Mines	..	,, C. E. Suryanarayana Rao.
Junior Inspector of Mines	..	Vacant.

Explosives Branch.

(Under the administrative control of the Chief Inspector of Mines.)

Inspector of Explosives	..	Mr. A. T. Setlur.
Assistant Inspector of Explosives.	..	Vacant.

The above re-organisation of the staff and allocation will have effect from the 1st July 1919.

The work of the Department.

The work of the Geological Department will be mainly under the following heads:—

(1) Geological Survey.—(*a*) Continuance and development of the survey of the State on scientific lines.

(*b*) Training of junior members of the departmental staff in survey work by putting them to amplify and revise the systematic survey already accomplished.

(*c*) Preparation of a map on a scale of 1 inch to a mile of further surveys and bringing the map already compiled up-to-date from time to time with a view to the eventual publication of a large map.

(2) *Mineral Exploration and Prospecting.*—(*a*) Exploration, prospecting and sampling of mineral areas and the preparation of maps and sketches of ore deposits with a view to investigate and record the mineral resources of the State both in view of immediate requirements and of possible future developments.

(*b*) Closer investigation of the Iron, Manganese and Chrome ores and important minor minerals such as limestone, asbestos and graphite.

(*c*) Prospecting work on a commercial basis.

Government consider it desirable that part of the prospecting work of the department should be run on commercial lines, provision being made for the grant to the staff employed on the work of retainer and bonus on successful discovery. Detailed proposals in this regard may be submitted for the consideration of Government at an early date.

(*d*) Supervision of prospecting work.

No. G. 7041-7100—GEOL. 69-18-11, DATED 18TH SEPTEMBER 1919.

(3) *The development of Mining and Metallurgical industries.*—The work of developing mineral and metallurgical industries will, so far as the Geological Department is concerned, consist in developing the results of economic investigations to the stage in which practical action can be taken on them, when they should be communicated to the Industries Department or private syndicates for such practical action as may be possible.

(4) *The development of the Geological Museum and Laboratory.*—The actual work to be done under each head is described in detail in the note prepared by Dr. Smeeth on the programme of the department extracts of which are appended to this order.

The Director will, at the beginning of every year, submit for the information of Government a detailed programme of work for the year on the above lines.

The work of the Mining Department and the Explosives Section will be the same as heretofore. Mr. Setlur will continue to be Inspector of Explosives and be divested of his duties as Deputy Inspector of Mines. He will also deal with the inspection and licensing of petroleum and petrol installations. It is expected that as a result of this arrangement the Inspector of Explosives will be able to devote more attention than appears to have been possible hitherto to the statutory inspection of explosives and to see that the local inspections by the Magistracy and Police are also carried out.

9. Separate orders will issue in regard to the re-organisation of the subordinate and menial staff of the departments consequent on the arrangements sanctioned above

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Director, Department of Mines and Geology.
The Comptroller, Mysore Government, (through Financial Secretariat).
The Director of Industries and Commerce.
The Secretary, Economic Conference.
The other Heads of Departments.
The Deputy Commissioners of Districts.

No. G. 7041-7100—GEOL. 69-18-11, DATED 18TH SEPTEMBER 1919.

SCHEME OF WORK FOR THE DEPARTMENT OF MINES AND GEOLOGY AND THE INSPECTION OF MINES AND EXPLOSIVES.

(1) *Administration.*—The department will be in charge of the Director who will be responsible for administration and supervision of the various technical branches.

The office will be in charge of an Office Assistant to the Director. In addition to routine matters, general correspondence, preparation of Government returns and reports, the work will include the preparation and issue of the various kinds of mineral leases and licenses and the keeping of maps and records relating to them.

It is hoped that it will be found possible to reduce and simplify the administrative and office work so as to set free the Director, to a greater degree than hitherto, for technical work and supervision of the work of the technical officers. To further this, the Deputy Director will be allotted certain portions of the administrative and supervision work and assume responsibility therefor.

(2) *Geological Survey.*—It is essential, if progress is to be maintained, that survey work on modern scientific lines should be continued and developed. A preliminary survey of the greater part of the State has been completed, a large amount of mapping, on a scale of 1 inch to a mile, has been accomplished and a consolidated map on a scale of 1 inch to 8 miles has been published. Certain conclusions have been reached and a number of important problems await investigation. If the fruits of the work done are not to be lost it is necessary that the senior officers who have done the preliminary work and have many years of valuable experience behind them should be free to devote a substantial portion of their time to these problems and to train younger men to carry on the work afterwards.

These problems need not be specified here. They include the obscure relationship of the main components of the Dharwar system-the character, origin and distribution of the ferruginous rocks, limestones and quartzites and study of the auriferous Champion gneiss series with reference to its further extension and identification.

The scientific classification and nomenclature of main formations requires close attention with a view to subsequent issue of a revised and comprehensive map on a suitably large scale.

The geology, mode of occurrence and distribution of the chief minerals of economic interest requires to be taken up in greater detail and maps prepared of important areas.

These very important works will devolve mainly on the Director and Deputy Director whose accumulated experience must be taken advantage of before the department loses their services. The specific work to be undertaken will be arranged from year to year.

In addition, it is necessary to train men to continue the work in later years. Sub-Assistant Geologists who show special aptitude for this class of work will be selected and put on to amplifying and revising the systematic survey work already accomplished and gaining the necessary experience and training under the senior officers.

A map, on a scale of 1 inch to a mile, has already been compiled and shows the consolidated results of the work already done. This requires to be constantly added to and revised, with a view to subsequent publication, after a further definite stage of progress has been reached as the result of the programme outlined above. The work of keeping this map up to date may be allotted to the Deputy Director. It will be a matter of some five to ten years, according to the time at the disposal of the senior officers, before sufficient progress can be expected to justify the commencement of publication of the large map.

(3) *Mineral exploration and Prospecting.*—This is an important part of the work of the department which should follow up the results of the geological survey work. A good deal of attention has been paid to it in recent years but owing to the small staff available the progress of the geological survey has been seriously retarded. It is very desirable that the work should be carried on independently of the survey work though based thereon and to this end it is necessary to place the work in charge of a senior officer under the general instructions of the Director. It is proposed, therefore, to make the Senior Geologist responsible for the work and to allocate to it certain of the Assistant Geologists and Sub-Assistants.

The work to be done involves the exploration, prospecting and sampling of mineral areas, especially new areas or minerals, reserved to Government, and the preparation of maps and sketches of ore deposits.

The prospecting work should be confined to simple excavations and comparatively shallow pits or shafts and does not contemplate deep working or workings on an extended scale. Deep working and the winning of ore on a commercial scale is not work which can properly or profitably be undertaken as part of the regular work of the department. It

should be left mainly to private enterprise and if, in any particular case, it is necessary or desirable for Government to carry out actual mining work special arrangements and a special staff should be provided.

The work should aim at investigating and recording the mineral resources of the State not merely in view of immediate requirements but with a view to possible future developments.

The iron, manganese and chrome ores require to be more closely investigated, as well as such minor minerals as limestone, clay, magnesite, asbestos, graphite, corundum, bauxite, etc.

All of these investigations cannot be taken up at once and Sub-Assistants require to be entertained and trained for the work which will be taken up on yearly programmes according to the staff available.

(4) *Supervision of Prospecting work.*—The major portion of the mining and prospecting work in the State must be carried on by private enterprise—it would be quite impossible for any departmental staff to deal with even a small fraction of it or to carry it out on a commercially successful basis. It is very important, however, that privately conducted prospecting work should be subject to much closer supervision than in the past and this should form an essential part of the work of the prospecting staff referred to in para (3).

Close touch should be maintained with all prospecting work in progress and maps, sections and sketches should be prepared showing the work done, the adjacent geological features and the disposition and character of the ore bodies.

In the case of much prospecting work, the licensee will not be in a position to prepare such maps, sketches, etc., nor to fill in details of scientific and economic interest. This work should be done by the department not only as an aid to prospectors but for the information and experience it will afford to the department. The records thus obtained should be of great use and value and the assistance and advice which can be given to prospectors would be useful and welcome.

(5) *Development of Mineral and Metallurgical Industries.*—The development and working of industrial concerns cannot be undertaken by the regular staff of the department. Preliminary investigations, experiments and proposals may be made and technical advice obtained thereon, but if commercial enterprise is to follow it should be placed in private hands, with or without Government share or control, or special staffs should be entertained for the business in view or the matter handed over to the department of Industries and Commerce according to circumstances and the nature of the work required. It is not possible to maintain the organization and efficiency of the department or to carry out systematic programmes if officers are liable to be diverted to duties additional to, or outside of, their proper spheres of work.

The State has now undertaken a commercial iron and steel scheme which was investigated and developed by the department. Expert technical assistance has been obtained and the work will be carried out by a special agency and staff. Certain portions of the work will be controlled and carried out by Government and it has been decided to place Doctor W. F. Smeeth, the present Director of Mines and Geology, on deputation for special duty in connection with the above scheme and in connection with the investigation of certain other schemes which have been proposed and on which it is desired to arrive at definite practical conclusions as early as possible.

(6) *Geological Museum and Laboratory.*—Type collections of the chief rocks and minerals of the State have been arranged in the Geological Museum at Lambourne House. The work of keeping the Museum up to date, storing and classifying the various collections which are continuously being added to and work in connection with samples and enquiries sent in by the public and by Departmental Officers on Field Service demands the attention of a whole time officer at Headquarters. In order to provide for this, it is proposed to place a Sub-Assistant Geologist on duty as Curator for a period of one or two years after which he will revert to regular Field work and other duties and will be replaced by another Sub-Assistant as Curator. This means that one Sub-Assistant will always be at Headquarters for attention to the duties specified and will at the same time receive special training in petrology, mineral determinations, classification of rocks, etc., from the Senior Officers present. The Curator will work under the general control and instructions of the Deputy Director. With regard to a laboratory, this has still to be provided and when available it will materially increase the usefulness of the department and improve the training of Assistants.

(7) *Sub-Assistants.*—The re-organization scheme provides for (5) Sub Assistants, of whom only three will be available to start with. The others will have to be entertained and trained as soon as possible, as without them the above programme cannot be carried out completely. All Sub-Assistants will be taken on as Probationers for two years and

will be confirmed only if capable and satisfactory. Provision is made for two Probationers in addition to the 5 Sub-Assistants, but these will not be entertained until the full number of Sub-Assistants have been secured and then only when required to fill up actual or prospective vacancies. Probationers will thus be taken on only at intervals, as required to fill vacancies, and will not form a regular addition to the staff.

Of the 5 Sub-Assistants one will always be at Headquarters as Curator of the Museum. An average of 2 should be devoted to geological survey work and 2 should be devoted to mineral exploration and prospecting. In the grade of Assistants endeavours should be made to promote alternately the most promising men for survey work and for prospecting work so as to keep a well balanced staff in the higher grades. For the same reason it may be desirable at some future time to interchange some of the technical duties of the Deputy Director and Senior Geologist according to the special qualifications of officers who may rise to these grades.

It should be clearly understood that promotion from one grade to another depends on there being a vacancy and that the selection of an officer for promotion depends entirely on ability and satisfactory work and not on seniority.

Department of Mines and Explosives.

The Department will be under the administrative control of the Chief Inspector of Mines. The Mining Branch will deal with the Inspection of Mines on the lines already organized under the Mysore Mines Regulation and Rules.

The exact class of mining operations to which the Regulation and Rules apply requires to be more clearly defined, but at present it may be defined as embracing all mines or mining blocks held under mining leases and such prospecting blocks as may be specially placed by order of Government under the supervision of the Inspector of Mines.

The work of mine inspection has already been fully organized and it is only necessary to state that the department shall be responsible for inspection work not only on the Kolar Gold Field but throughout the State. For this purpose it is necessary that the officers of the Department should be provincial officers with Headquarters at Ooregum.

Inspection of Explosives.—Hitherto the inspection of Explosives has formed part of the Geological Branch of the Department of Mines and Geology. In future it will come under the new Department of Mines and Explosives. The Inspector of Explosives will, therefore, be placed under the administrative control of the Chief Inspector of Mines, but he will continue to be responsible for carrying out the technical provisions of the Mysore Explosives Regulation and Rules and for the supervision of the work of District Officers and Police in regard to the issue of licenses and inspection of premises.

The Inspector of Explosives will be provided with an Assistant who will undergo training in the Inspection work and assist the Inspector in the work to be done.

Administration Report of the Inam Department.

Exd.—G. R

No. R. 3580—L. R. 195-19-2, DATED 12TH SEPTEMBER 1919.

THE ANNUAL ADMINISTRATION REPORT OF THE INAM DEPARTMENT FOR THE YEAR 1918-19

1. Mr. C. Rajagopalacharlu, B.A., was the Officiating Superintendent, from the beginning of the year till the 20th August 1919 when Mr. D. K. Darashah, B.A., Permanent Superintendent, assumed charge on return from leave. The latter continued to be Superintendent till the end of the year, under report.

2. During the year, five land inams comprising an extent of 16 acres and 33 guntas assessed at Rs. 16-5-8 were newly confirmed with a combined quit rent of Rs. 4.

Two whole inam villages and 32 minor land inams in circar villages were resumed to Government and struck off the Inam Registers during the year, under report, on account of which, the inam revenue was reduced by Rs. 78-15-0, while there was a corresponding increase of Rs. 781-6-10 under land revenue in the shape of assessment.

3. One whole inam village and 25 minor inams were revised during the year, under report. The net result of the revision was that the combined quit rent was reduced by Rs. 2.

4. The number of quit rent Registers prepared during the year was 25 for confirmed cases and 170 for resumed and struck off cases. Besides these 250 supplemental quit rent Registers and correction statements were prepared and issued during the year on the basis of Purvani Tarow Patriks, Government Orders, etc.

5. During the year, under report, 34 final title-deeds for minor Inams in Government villages were issued.

6. Out of the 22 taluks into which the revision survey settlement had been introduced up to the end of the year 1914-15, the revised final quit-rent registers of one taluk (Late Koratagere now portion of Tumkur) was compared with the jodidar patriks, differences were investigated and necessary alterations effected in the quit-rent registers. This work was completed in all the taluks, except the Bangalore Taluk and a portion of the Tumkur Taluk, besides the above, the final quit-rent registers of the late Nelamangala and Chikkanayakanahalli Taluks were overhauled and brought up to date when the revision survey settlements were conducted in the taluks in the course of the year.

7. The amount of correspondence both English and Vernacular was 1,763 as against 2,034 in the year previous. The searching for old records required for reference by private parties and by various Government Departments, as usual, took up much time and labour.

8. There was a decrease of Rs. 76-15-0 in Inam Revenue in the year as follows:—

	Rs.	a.	p.
Quit-rent on newly confirmed inams ..	4	0	0
Deduct on account of resumption ..	78	15	0
Do revision.. ..	2	0	0
Total ..	80	15	0
Net Decrease ..	76	15	0

9. The cost of the department for the year was 3,964-2-8 as against Rs. 3,487-5-5 in the year previous.

10. The total cost of the department from 1868 up to the end of the year, under report, was Rs. 12,07,966-8-1 and the total annual recurring revenue is Rs. 2,69,257-12-7.

11. There were no additions to make in the statement of landed property held by the staff of the Department during the year.

12. The special work for which the temporary hand was entertained for a period of four years in Government Order No. R. 4890-2—L. R. 570-14-4, dated 19th November 1915, was completed except the revision of the final quit-rent registers of two taluks, *viz.*, Bangalore and a portion of Tumkur, which will be dealt with, as the jodidar patriks are received, by the permanent staff of the department. The services of the temporary clerk have been dispensed with from 1st July 1919 and the absorption of the Inam Department with the Revenue Survey was ordered in Government Order No. R. 15909-11—L. R. 357-19-2, dated 12 and 18th June 1919.

No. R. 4020-21—L. R. 436-18-5, dated 20th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Explanatory Memo re Financial Returns.

Group.—This group consists of 22 returns including the sub-serial numbers as mentioned in the appended list. The several classes of budget have also been included. In regard to loans, those relating to tanks and special schemes such as fruit cultivation, sericulture. etc., are dealt with under the groups concerned.

Serial No. 1—Detailed contingent bill. The Sub-Division Officer has to submit his monthly detailed contingent bill to the Deputy Commissioner in Form 25 referred to in Article 142 (*a*) of the Mysore Account Code, Vol. I, except in cases when the Sub-Division Officer's Headquarters is also that of the Deputy Commissioner, when Form 24 (*vide* Article 136 (*b*) of the Mysore Account Code) has to be used, to which the sub-vouchers should be attached. No monthly detailed contingent bill need be sent by the Deputy Commissioner or Revenue Commissioner, but the amount will be drawn in Form 24 referred to above to which all sub-vouchers will be attached. (*Vide* Articles 129 (*a*), 136 (*b*) and 142 (*a*) 9 of the Mysore Account Code.

Serial Nos. 2 and 3.—Refund bill and statement of refund sanctioned by the Revenue Commissioner. Under Government Order No. R. 6185-233—L. R. 601-13-14, dated 16th December 1916, the Deputy Commissioner has the power to sanction refund bills received from the Amildar subject to certain limitations and in other cases they are submitted to Revenue Commissioner (*vide* Article, 172, Mysore Account Code, Vol. I).

The Revenue Commissioner has to submit to Government a half-yearly statement of refund sanctioned by him (*vide* Government Order No. R. 3105-44—L. R. 212-06-1, dated 11th September 1906, pages 4 to 6, Revenue Manual). No particular form need be prescribed for this, and the return may continue as the sums to be refunded may be big items and it is perhaps well that the Government are kept informed of the same.

Since the Deputy Commissioner is authorised to sanction refund of sums only in cases where it is clear that the Government is not entitled to it such as cancellation of assessment or fine in appeal, etc., and he has also to refer to Revenue Commissioner for sanction in cases of doubt, no statement has been prescribed for submission by him to Revenue Commissioner. Refund bill is prepared in Fl. No. 145 enclosed, and it will be Form 28 of the Mysore Account Code. (*Vide* Article 169 (*a*).)

Serial Nos. 4 to 8 with the sub-serial numbers relate to the submission of returns in connection with loans.

No. R. 4020-21—L. R. 436-18-5, dated 20th September 1919.

Serial No. 4 is the monthly statement of loans sanctioned by the several officers, which has to be sent to the Comptroller under the rules published under Notification No. R. 3057—Agri. 135-05-8, dated 18th November 1908, in the appended form.

The District Office prepares a consolidated statement from the statements received from the Amildar and Sub-Division Officer and forwards the same to Comptroller.

The statement is necessary as it gives information to the Comptroller who has to prepare a half-yearly statement of D. C. B. from the above and the Treasury figures obtained by him and forward the same to the Revenue Commissioner in Form B appended to Government Order No. Fl. 3489-97—G. F. 216-10-2, dated 27th December 1910 (*vide* Serial No. 7 in the list).

Serial No. 5. Extract of register of repayment of loan. This is to be sent by the Amildar to his S. D. Officer to enable him to post the repayments of loans if any sanctioned by the latter, in his office register. As the D. C. B. is not sent to the S. D. Officer, the latter has no other means of knowing the repayments made towards the loan and, hence, it is provided for in the Sub-Division Office Manual.

Serial No. 6 (a) to (g). These are the quarterly statement of D. C. B. under the old and new rules to be submitted by the Deputy Commissioner to Revenue Commissioner in the Form A appended to Government Order No. Fl. 3489-97—G. F. 216-10-2. dated 27th December 1910.

The Amildars have to submit the returns to Deputy Commissioner in the first instance. The returns are quite necessary and have to continue. The submission of the returns in respect of loans sanctioned under the old rules, *viz.*, prior to November 1908 will have to continue till these loans are fully discharged.

Serial Nos. 8 (a), (b) and (c) are the returns due from the Special Land Acquisition Officer in respect of loans given to owners of lands submerged under Krishnarajasagara Works and have to continue till the loans are discharged.

Serial Nos. 9 (a) to (f) are the budget statements due to Revenue Commissioner and other officers.

The prescribed printed forms are usually supplied for this.

Concluding Summary.

1. All the returns mentioned in the list are necessary and have to continue.

2. As regards the forms Serial Nos. 1, 2, 6 and 7 are contained in the Mysore Account Code; 4 in the District Office Manual and 5 in the Revenue Manual.

The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
PRESS TABLE.

Exd.—C.R.

No. 3749-58—L. S. 16-19-2, dated 15th September 1919.

Letter No. D. 52—L. S. 16-19-1, dated 1st September 1919, from D. K. Darashah, Esq., B. A. Superintendent of Revenue Survey and Settlements in Mysore, to B. Ramaswamiah Esq., B A., B. L., Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to submit the following report for the year ending 30th June 1919 on the condition of the boundary marks and the degree of co-operation from the raiyats the Field Establishments were able to enlist during the progress of re-survey operations.

2. Five measuring establishments conducted the operations during the year and the statement appended shows clearly the tracts worked in by each and the expenditure in time incurred under different heads inclusive of days lost on account of non-co-operation.

3. The "E" Classing Establishment, which was the only one that conducted re-classification in the year, encountered no Harakath, though some of its time was lost in replacing boundary marks, mostly stones in wet and garden numbers, put up at resurvey but missed at reclassification.

4. The measuring establishments have all fared well on the whole. In the "C" "D" and "F" Measuring Establishments, there was very little loss in the number of working days. Comment, if any at all could be made, must be with reference to the "A" and "B" Measuring Establishments, under Mr. T. Hanumantha Rao and Mr. P. N. Krishnaswami respectively. The "A" Establishment lost 238 or 5·03 per cent of the working days, which was chiefly due to the hilly nature of the country dealt with, to the outbreak of cholera in Chelur and Patapalya hoblis and to the holding of Gadadam Jatra at Devaragudipalli for about two weeks, which attracted the neighbouring raiyats in large numbers. The loss of working days in the "B" Establishment was 236 or 5·40 per cent. Among causes that brought about this loss, the chief are the after-effects of Influenza which prevailed immediately before the commencement of the field operations, and the absence of permanent Shekdars in the Jangamkote and Sidlaghatta hoblies.

5. The names of Amildars and Sub-Division Officers in charge of the respective taluks are as shown hereunder:—

Taluks	Amildar	Sub-Division Officer
Bagepalli	Mr. Padmanabha Rao ...	Mr. S. Venkatarangam, B.A. B.L.

Village Improvement Scheme.

No. R. 3523-33—R. M. 5-19-21, DATED 12TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5639-49—R. M. 4-18-22, dated 7th November 1918, sanctioning an allotment of Rs. 98,000 for village improvement in the several districts during 1918-19, and extending till the end of 1918-19, the concession of sanctioning one-half of the cost of the Village Improvement Works by way of grant-in-aid if the villagers contribute other half in cash or labour.

2. Letter No. 190, dated 20th August 1919, from the Revenue Commissioner in Mysore, requesting sanction for an allotment of Rs. 93,000, for distribution among the several districts during 1919-20, for the same purpose.

No. R. 3523-33—R. M. 5-19-21, dated Bangalore, 12th September 1919.

The allotment of Rs. 93,000 asked for by the Revenue Commissioner in the letter referred to above for distribution among the several districts, as noted on the margin is sanctioned. The amount will be met out of the provision for Village Improvement Works in the Budget Estimates for the current year.

	Rs.
Bangalore ...	16,000
Kolar ...	18,000
Tumkur ...	7,000
Mysore ...	10,000
Hassan ...	10,000
Shimoga ...	12,000
Kadur ...	10,000
Chitaldrug ..	10,000

2. The concession of sanctioning as grant-in-aid half the cost of Village Improvement Works, when the other half is conributed by the villagers either in cash or in labour, is further extended till the end of 1919-20.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 3887-96—Ft 83-08-25, dated 25th November 1913, observing that proceedings against an occupant or holder of land for failure to report or to satisfactorily account for injury or damage to sandal trees growing thereon and offences relating to injury to sandal trees cannot be made compoundable by Forest Officers; and prescribing a quarterly statement for noting the disposal by Revenue Officers of proceedings under Section 73 of the Forest Regulation.

2. Government Order No. R. 125-2-11—Ft 147-15-3, dated 29th June 1916, observing that the procedure adopted in regard to the disposal of cases of offences to sandal wood trees is cumbrous, leading to long delays and inconvenience to parties concerned, and requesting the Conservator of Forests to submit proposals to expedite the disposal of such cases.

3. Government Order No. 9008-173—Ft 162-17-1, dated 2nd March 1918, directing the abolition of the quarterly return and its incorporation as a separate item in the Revenue Business return, prescribed in Government Order No. 160—E. A. G. 2, dated 10th April 1917.

4. Letter No. 457, dated 15th July 1916, from the Conservator of Forests, reiterating that his former proposals to empower the District Forest Officers will be the best course to minimise delays, or in the alternative, suggesting that the Deputy Commissioners should deal directly with such cases without referring them to their subordinates.

5. Letter No. C. 1458 Gl., dated 14th July 1919, from the Revenue Commissioner in Mysore, stating that in his opinion there are no sufficient reasons for revising the previous Orders of Government in the matter of improving the District Forest Officers to compound such offences, as once the offence is made compounable the compensation cannot be recovered as an arrear of Land Revenue and recommending the submission of quarterly returns, in the form prescribed in Government Order dated 25th November 1913, by the Amildars to the Deputy Commissioners, the latter sending them on with a review to the Revenue Commissioner, who in his turn may review the District returns submitting a copy of his review to Government with the consolidated statements.

Order No. R. 3177-86—Ft. 22-16-4, dated 4th September 1919.

1. Government agree with the Revenue Commissioner that there are not sufficient reasons to revise orders already passed in the matter of empowering the District Forest Officers to compound cases relating to injury to sandalwood trees.

2. In order, however, to exercise check over the prompt disposal of such cases they are pleased to approve of the suggestion of the Revenue Commissioner and to direct that quarterly statements in the form prescribed in Government Order of the 25th November 1913 read above, be submitted by the Deputy Commissioners to the Revenue Commissioner. The Deputy Commissioners should obtain the returns from the Amildars by the 10th of the month following the quarter to which they relate and submit them with a review by the 20th idem to the Revenue Commissioner, who should forward them to Government before the end of the month with a copy of his review thereon.

Khedda Operations.

No. R. 4237-8—Ft. 56-19-2, dated 27th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. 24, dated the 8th August 1919 from the Conservator of Forests in Mysore, furnishing his views on the draft rules for regulating the expenditure on Khedda Operations (Capture of Elephants).

Order No. R. 4237-8—Ft. 56-19-2, dated Bangalore, the 27th September 1919.

Government are pleased to issue the Rules appended to this order for regulating the procedure to be observed in the matter of the maintenance and submission of accounts, etc., relating to Khedda Operations.

2. The Conservator of Forests is requested to submit for sanction of Government his estimates for the ensuing Khedda Operations in accordance with these Rules.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.
The Comptroller to Government.

Exd.—C.R.

RULES FOR REGULATING KHEDDA EXPENDITURE.

Preliminary reports of proposed Khedda Operations should be accompanied by a rough estimate of the expenditure likely to be incurred.

2. A rough estimate of the receipts likely to be received by the sale of elephants captured by the operations should also be submitted within a week after the roping operation is over.

The estimate should separately shew the probable expenditure under each of the following heads :—

(*a*) Khedda Constructions.
(*b*) Tools and Stores.
(*c*) *Feed of elephants* :
  (i) Feed of captives.
  (ii) Feed of Kumkies or Departmental elephants.
  (iii) Feed of elephants lent by Palace *Gajasala*.
(*d*) *Khedda Temporary Establishment* including foreign imported labour (pay and passage money to imported Mahouts and Shikaries).
(*e*) Wages to Shikaries (Local).
(*f*) i. Ration to Shikaries (Local).
  ii. Batta to Palace Mahouts.
(*g*) Rewards.—(i) To Shikaries.
  (ii) To Departmental men including permanent and temporary Mahouts and Jamedars.
(*h*) *Contingencies* :
  i. Construction of huts.
  ii. Cost of Medical establishment and Medicines.
  iii. Other items.
(*i*) Sale expenses.

No. R. 4237-8—Ft. 56-19-2, dated 27th September 1919.

3. Before commencement of work, detailed estimates should, as far as possible, be prepared and submitted for sanction of Government. When the expenditure under any of the heads is likely to exceed the sanctioned estimate by more than 20 per cent, the Conservator of Forests must immediately report the fact for the orders of Government with explanation for the increased expenditure.

4. As regards item (*a*) of Rule 2, the procedure ordinarily observed for carrying out works should be strictly followed. Measurements must be carefully taken and recorded in proper measurement books and bills prepared on the basis of such measurement.

5. After the operations are over, the tools and stores purchased in connection therewith must be sold or transferred to the Forest Department at such value as may be considered proper under the order of the Conservator of Forests and the accounts of the Khedda Operations given credit to that extent so that the exact cost of the operation may be determined.

6. As regards item (*c*) of Rule 2, Feed of elephants, the estimates should shew how the rate has been fixed, and when it is in excess of the rates allowed for the animals maintained by the Department, the reasons for the same may be mentioned.

7. The estimate for temporary establishment (*d*) should give the number of men proposed to be employed, the rates of pay and the period for which they are proposed to be entertained. In the case of persons entertained on daily wages, a nominal roll should be maintained and disbursements checked with it.

If the services of the establishment have to be continued after the period proposed in the original estimate, sanction of Government should be sought immediately.

8. Monthly statements of accounts from commencement of operations should be submitted to Government in the first fortnight of the month following that to which it relates. This does not dispense with the necessity of rendering the prescribed monthly accounts to the Comptroller.

The Conservator is requested to submit a draft set of forms of accounts in this respect for the approval of Government.

9. Vouchers should be maintained for all payments and the accounts should be closed and finally adjusted within three months after the close of the operations.

10. Advances may be given from imprests on preliminary estimates from time to time but they should be confined to meet only such expenditure as cannot be paid after work is done.

No. R. 3846-52—Ft. 45-19-2, dated 17th September 1919.

Read—

Government Order No. R. 4654-7—Ft. 81-10-2, dated 6th March 1912, approving of the reservation under Section 4 of the Forest Regulation of the marginally noted forest blocks in the Hunsur Taluk and stating that the right to grass therein will vest in the British Military Department until the kavals are surrendered to the Mysore Government.

1. Auptre, Uddur Kaval.
2. Modur Sonnenahalli Kaval, (Blocks I to IV.)
3. Nilvagal Kaval, (I and II.)
4. Kalhalli Kaval, (Blocks I and II.)
5. Hanagere Kaval.

2. Representative Assembly Subject No. 277 of 1908 and the reply of Government thereto stating that the question of allotting the Thippe and the Muniswaranagudi kavals for the improvement of the Hunsur Town will be considered after the retrocession by the British Military Grass Farms Department of the excess kavals of which they form part.

3. Letter No. 1319—Ft. 123-14-2, dated 31st July 1916, from the Secretary to Government, Revenue Department, to the Conservator of Forests, stating that Government do not consider it desirable to constitute the Kalhalli Kaval (Blocks I and II) and the Modur Sannenahalli (Belathur) kavals (Blocks I to IV) as State Forests and that they will be disposed of along with the other kavals.

4. Government Order No. R. 9071-7—Ft. 46-06-76, dated 28th February 1917, passing orders on the retrocession by the British Military Grass Farms Department of the 18 excess kavals in the Bangalore and Mysore Districts and requesting the Revenue Commissioner to submit proposals for the disposal of the 9 kavals in the Mysore District.

5. Letter No. 5477, dated 28th April 1917, from the Secretary, Economic Conference, stating that the Agricultural Committee desire that portions of the retroceded kavals in the Mysore District should be reserved for the encouragement of cattle and stud farming.

6. Letter No. C. 3471, dated 14th February 1919, from the Revenue Commissioner in Mysore, submitting proposals regarding the disposal of the excess kavals in the Mysore District.

7. Correspondence ending with letter No. 214, dated 7th July 1919, from the Chief Commandant, Mysore State Troops, requesting that the kavals known as the Hospital, the Uddur, the Kalhalli, the Sonnenahalli and the Nilvagal kavals, may be handed over to the Amrut Mahal Department for the opening of a training Depot for the Amrut Mahal Bullocks, the rest of the kavals, *viz.*, the Thippe, the Muniswarangudi, the Belathur and the Hanagere being placed at the disposal of the State Military Department for Military Settlements.

7. Letter No. 461, G. I., dated the 1st August 1919, from the Revenue Commissioner in Mysore, submitting the records of Forest Settlement of the Hanagere Forest Block with copy of a letter from the Huzur Secretary to His Highness to the effect that the Hanagere Kaval has been in possession of the Palace Department under the impression that it formed one of the kavals given over in 1908, that the reservation of the kaval may be cancelled and that the kaval may be ordered to be continued in the possession of the Palace authorities.

Order No. R. 3846-52—Ft. 45-19-2, dated 17th September 1919.

The Kavals in question and their area are as follows:—

	Acres	Guntas.
1. Uddur Kaval	4,020	10
2. Hospital Kaval	6,415	9
3. Thippe Kaval	38	9
4. Muniswarangudi Kaval ..	16	39
5. Nilvagal Kaval	330	31
6. Kalhalli Kaval	42	17
7. Belathur Kaval	..	..
8. Sonnenahalli Kaval	612	39
9. Hanagere Kaval	202	33
Total ..	11,679	27

No. R. 3846-52—Ft. 45-19-2, DATED 17TH SEPTEMBER 1919.

The Revenue Commissioner proposes (1) that the irrigable portion of the Hospital and the Uddur Kavals may be disposed of for cultivation and the rest formed into a State Forest as there is a rich growth of sandal trees therein; (2) that the Nilvagal, the Thippe, the Kalhalli, the Modur (Belathur), Sonnenahalli Kavals may be thrown open for cultivation;

(3) that the Muniswarangudi Kaval may be reserved for the extension of the Hunsur Town and

(4) that the Hanagere Kaval may be continued in possession of the Palace Department

2. The Conservator of Forests, agrees with the Revenue Commisssioner, regarding the disposal of the Hospital and the Uddur Kavals and is silent as regards the rest.

The Chief Commandant, Mysore State Troops, reports that the four of the kavals are wanted for Military Settlements and the Amrut Mahal Superintendent states that the other five kavals should be reserved for purposes of a training Depot for bullocks.

3. Government have carefully considered the matter and in order to satisfy as far as possible, the immediate requirements of the several departments, they are pleased to order as follows:—

(i) One thousand acres of the irrigable portions of the Uddur Kaval should be thrown open for cultivation and the remaining extent reserved for the Amrut Mahal Department.

(ii) The Hospital Kaval should be constituted into a State Forest, the right of grazing and of growing exotic and other suitable varieties of grass for feeding cattle therein being however, conceded to the Amrut Mahal Department.

(iii) The Thippe Kaval will also be made over to the Amrut Mahal Department for the purpose of stacking hay.

(iv) The Muniswarangudi Kaval will be made over to the Hunsur Municipality for the extension of the Town.

(v and vi) The Nilvagal and the Kalhalli Kavals will be made over to the Revenue Department for being given out for cultivation. But the Amrut Mahal cattle will, in times of scarcity be allowed to graze in such portions of these kavals as are not actually given over for cultivation.

(vii and viii) Half the extent of Modur (Belathur) and Sonnenahalli Kavals will be reserved for pony breeding purposes and the other half for Military Settlements. The Chief Commandant is requested to take further action in this matter.

(ix) The Hanagere Kaval will continue in possession of the Palace authorities pending further orders in the matter. Notification No. R. 4766—Ft, 81-10-2, dated 9th March 1912, proposing the constitution of this kaval into a State Forest is hereby cancelled.

5. The Revenue Commissioner is requested to issue necessary instructions to the Deputy Commissioner, Mysore District, in the matter of handing over the kavals to the several departments concerned as indicated above at an early date.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from 1st December 1919, the area the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a State Forest subject to the exercise of rights specified at foot thereof.

SCHEDULE.

District	Taluk	Approximate area	Name of the Block	Boundaries
Bangalore	Bangalore	A. g. 537-26 or 84 square miles	Mallegal Valley	*North.*—Starting from a point about 5 chains north-east from the tri-junction bandhs of Jarakabande Kaval, Laggere and Peenya, the boundary line runs north-east along the common boundary between Peenya and Jarakabande Kaval to the north-west corner of Survey No. 4 and then south-east to the

north-west corner of Survey No. 7 of Jarakabande Kaval, then south-west along the west side of Survey No. 7 to its south-west corner, then south-west along the south side of Survey No. 4 to a point about 5 chains south-west from the north-west corner of Survey No. 5; then south for about 30 chains through Survey No. 1 of Jarakabande Kaval to a point about 6 chains south-west from the south-west corner of Survey No. 5; then south-east for about 6 chains south-west from the south-east corner of Survey No. 5: then almost east for about 6 chains to a point about 7 chains south-east from the abovenamed corner, then south-east for about 25 chains through Survey No. 1 of Jarakabande Kaval to a point about 5 chains from the southernmost corner of Survey No. 10; then north-east for about 9 chains to a point about 5 chains south-east from the south-east corner of Survey No. 10; then north-east for about 26 chains to a point about 5 chains south-east from the southernmost corner of Survey No. 11; then again north-east for about 8 chains to a point about 5 chains south-east from the south-east corner of Survey No. 11.

East:—Then the line passes along the common boundary between the Jarakabande Kaval and Yesvanthapura villages to a point about 5 chains south-west from the eastern-most corner of Survey No. 65 of Yesvanthapura, then south-west for about 5 chains through Survey No. 1 of Jarakabande Kaval to a point about 8 chains north-west from the sothernmost corner of Survey No. 65 of Yesvanthapura; then south-east for about 13 chains through Survey No. 1 and 2 of Jarakabande Kaval to a point of about 5 chains south-west from the south-west corner of Survey No. 64 of Yesvanthapura; then again south-east for about 5 chains through Survey No. 2 of Jarakabande Kaval to a point on the common boundary between Yesvanthapura and Jarakabande Kaval about 5 chains south-west from the south-west corner of Survey No. 64 of Yesvanthapura; then again, south-east for about 5 chains through Survey No. 2 of Jarakahande Kaval to a point on the common boundary between Yesavanthapura and Jarakabande Kaval about 5 chains south-west from the south-west corner of Survey No. 64 of Yesavanthapura; then along the common boundary Yesvanthapura and Jarakabande Kaval to a point about 5 chains north-east from the south-east corner of Survey No. 59 of Yesvanthapura; then south-west for about 5 chains through Survey No. 2 of Jarakabande Kaval to a point of about 5 chains north-west from the said corner; then south-west for about 5 chains to a point about 5 chains south-west from the south-west corner of Survey No. 59 of Yesvanthapura; then along the common boundary between Bethamaranahalli and Jarakabande Kaval to the westernmost corner of Survey No. 174 of the abovenamed former village.

South:—Then the line continues along the common boundary between Kethamaranahalli and Jarakabande Kaval to a point about 6 chains north from the tri-junction bandhs of the said villages and Laggere; then north-west for about 36 chains through Survey No. 1 of Jarakabande Kaval to a point about 7 chains north from the north-west corner of Survey No. 81 of Laggere; then south-west for about 5 chains to a point about 5 chains north-west from the said corner.

West:—Then the line continues along the common boundary between Laggere and Jarakabande Kaval to a point of about 5 chains south-east from the south-east corner of Survey No. 72 of Laggere; then east for about 5 chains through Survey No. 1 of Jarakabande Kaval to a point about 7 chains south-east from the said corner; then north for about 5 chains to a point about 5 chains east from the abovementioned corner; then north-west for about 17 chains to a point about 5 chains north-east from the tri-junction bandhs of Laggere and Peenya and Jarakabande Kaval, then along the common boundary between Jarakabande Kaval and Peenya villages to the starting point.

REMARKS.

A foot-path 6 feet wide from Dasanaikanapalya to the temple of Muneswaraswami temple in Survey No. 1 is granted for use only by men throughout the year, It enters the forest in the northern boundary of the block at a point about 7 chains south-east from the south-east corner of Survey No. 5 of Jarakabande Kaval and runs south-west for about 11 chains through Survey No. 1 and reaches the temple.

Enclosures:—The whole of Survey No. 4 (24 acres and 34 guntas and 31 acres 6 guntas in Survey No. 1 will be treated so as an enclosure being the gomal apportioned for the hamlet of Dasanaikanapalya.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

Letter No. 321, dated 21st November 1918, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore.

I have the honor to report on the conclusion of the settlement of Mallegal Valley Block in Bangalore Taluk.

No. R. 4012-15—Ft. 146-18-6, dated 20th September 1919.

2. The Initial Notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on page No. 322 of the English issue of of the *Mysore Gazette*, Part I, dated 19th April 1917, and the proclamation under Section 5 of the said Regulation was issued on 26th April 1917, and the scme published on pages 475-477 of the Kannada issue of the Gazette, Part II, dated 3rd May 1917. The spare copies of the Notification were got served on the villagers, concerned through the Amildar, Bangalore Taluk.

3. I perambulated the line and inspected the locality on the 10th October 1918, in company with the District Forest Officer, Amildar and the villagers of Dasanaikanpalya, a hamlet attached to Jarakabande Kaval, the lands of which have been proposed for the block.

4. Two claims only, one to the right of way and the other for grazing rights were preferred to me during the enquiry. I have admitted the former fully and the latter partly.

5. The entire records said to have been sent by post to this office after the disposal of the appeal in May 1918 with the Deputy Commissioner's No. R. Dis. 282, dated 18th May 1918 have not been received and are missing. They are under investigation in the Deputy Commissioner's office and do not seem to have been traced yet. I fear that since they are not found till now, it is not likely they will be got at. I got a copy of the appeal decision as well as that of mine for the Appeal Court file and the completion report has been prepared with the help of the above and that of the village map in this office. The only information wanting is the details of the claims set up during the enquiry. To the best of my memory, there were only two claims and no more. There was only one village affected. I therefore considered that no useful purpose would be served by deferring the submission of the completion report.

6. The appeal decision has been noted in proper column in the "B" Register.

7. The following records are herewith submitted.

(i) "B" Register
(ii) "C" Register
(iii) Boundary Notification
(iv) Sketch map
(v) Topo tracing.

8. The date from which the Notification is to take effect may kindly be inserted in the Draft Boundary Notification.

No. R. 4012-15—Ft. 146-18-6, dated 20th September 1919.

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and settlement
2	3	4	5	6	7	8
.....	...	As the records are missing these columns cannot be filled up.	..	.....	The area now proposed for the block in question is 685 acres and 26 guntas. These lands together with those in the surrounding villages were at a great cost acquired in 1893-94 at the desire of the British Government for the proposed Mallegal Project, intended for the separate supply of water to the Civil and Military Station independently of the Hessarghatta reservoir. But subsequently the said project was abandoned in December 1895 and some lands were restored to the raiyats from whom they were taken.	
.. ..	...	.....	...	....	The lands still left undisposed of remained the property of Government and were in 1906 or thereabout leased out to the Military authorities to serve the purpose of Military grass farms.	
.....	...	.....	...	..	The four survey numbers of Jarakabande Kaval, *viz.*, 1, 2, 3 and 4 now proposed for the State Forest were also leased out to the Military grass farm authorities for ten years on the 4th April 1916 (*vide* Government Order No. R. 9071-7—Ft. 46-06-76, dated 28th February 1917).	
	...	... ..	..	... .	As the lands in question are Government ones, these have been proposed as State Forest	
.....	...	... .	.	.. ..	The rayitas of the Hamlet Dasanaikanapalya state that their village has no gomal for the use of their cattle and ask that they should be granted some pasture land. The only gomal of their village was Survey No. 3 (32 acres and 20 guntas) This was acquired in 1893-94 and they do not seem to have raised any objection then and the explanation now offered for their failure to assert their claims then is that they were told that even their villages would be ultimately taken up for the Mallegal Water Supply Project, and they therefore considered that there was no use of urging their claims to the gomal. But even after the abandonment of that project they do not seem to have urged their claims for the gomal. The statement of the Shanbhog who represents the village as desired by the villagers shows their claim for gomal is only about 1 or 5 years standing. It appears that they are managing to get fodder for their cattle for the last so many years by reserving a portion of their own holdings for their cattle. The cattle of the village now are.— Bullocks ... 57 Cows ... 41 Buffaloes ... 14 Asses ... 2 Sheep ... 89 Goats and Calves ... 54 35	As this 60 acres has been leased out to the Military authorities as part of their grass farm, Government may be moved to have this 60 acres excluded therefrom.
.....	...	.....	...	... .	Though the villagers have not urged their claims in time, it seems to be unfair to deny the cattle of the village some pasture ground. In ordinary cases, this is a fit case, for granting grazing concession to the village cattle, it being unpracticable to let off Survey No. 3 which is in the midst of the proposed block. But even this course is not possible now as the whole of the proposed area is leased	As the villagers have got no gomal at all now Survey No. 4 measuring 28 acres 34 guntas may be excluded as well as 31 acres 6 guntas out of Survey No. 1 adjoining Survey No. 4 to make up a total of 60 acres of gomal which the petitioners agree will be sufficient for their needs

No. R. 4012-15—Ft. 146-18-6, dated 20th September 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Mallegal Valley State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and Settlement
1	2	3	4	5	6	7	8
						out as Military grass farm up to 4th April 1926. Even after the expiry of the lease I doubt if this course is feasible as the Military authorities have the option of renewing the lease and it is always undesirable to allow grazing of the cattle in the area as it would do more damage to the growth of grass.	
...	.....	..	.....	...	....	There are no kharab lands in the village for being converted into gomal lands. In the peculiar circumstances in which the village is placed I fear, there seems to be no room for immediate help. But a margin of 5 chains around the cultivation is an injunction laid by Government Proceedings No. R. 1294—Ft. 506-43-I, dated 15th August 1904. In the village under consideration Survey Nos. 5, 6, 7, 9, 10 and 11 are cultivation lands and as per rule quoted above, the State Forest boundary line should be 110 yards away from these lands. This margin round the edges of the said five survey numbers will come to about 50 acres. This will be enough pasture land for the village. But even this cannot be immediately given effect to, as it is included in the grass farm unless the Government takes up the matter and gets the marginal strip of land released from the grass farm. If this is not possible for any reason, the usual margin of chains around the cultivation may be given effect to at the next renewal of the lease to the Military authorities. Want of cultivation margin at present, probably for some years to come, will entail no great inconvenience to the villagers as the proposed reserve does not become covered with high forest growth, for a score of years and more.	
...	.....	...	.....	...	... ..	The villagers are permitted to go to the Muneswara Temple in Survey No 1, and a foot-path is allowed for that purpose. This concession is liable to be withdrawn, if they do not take sufficient care in the matter of fire protection. B. BASAVARADHYA, *Forest Settlement Officer in Mysore.*

NOTIFICATION.

No. R. 3916—Ft. 23-19-5, dated 19th September 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare, nder the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that rom 1st November 1919, the area, the boundaries of which are set forth in the Schedule nnexed to this notification, shall be deemed to be a "State Forest" subject to the xercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sorab	A. G. 665 37 or 1·04 Sq. miles	Hireavalli	*North.*—Starting from the north-east corner of Survey No. 30 of Chikkasakuna, the line runs slightly south-east for about 24 chains through Survey No. 5 of Bilagi to a point about 7 chains south-east from the south-east corner of Survey No. 2; hen south-east for about 6 chains to the southernmost corner of Survey No. 1; then north-east for about 34 chains along the southern boundary of Survey No. 1 to its easternmost corner; then east for about a chain to a point about 7 chains north-west from the north-west corner of Survey No. 58 of Uppahalli; then south-east for about 9 chains hrough Survey No. 56 of Uppahalli to a point about 6 chains south-west from the southwest corner of Survey No. 58; then south-east for about 7 chains through Survey No. 56 o a point about 9 chains north-west from the south-west corner of Survey No. 59; then outh-east for about 10 chains through Survey No. 56 to a point about 6 chains south-

west from the abovenamed corner; then slightly south-east for about 9 chains to a point about 6 chains south from the south-east corner of Survey No. 59; then north-east for about 5 chains to a point about 6 chains south-east from the south-east corner of Survey No. 59; then north-east for about 4 chains to a point about 5 chains south-west from the southernmost corner of Survey No. 62; then south-east for about 7 chains to a point about 5 chains south-east from the abovenamed corner; then south-east for about 8 chains to a point about 5 chains south-west from the southernmost corner of Survey No. 55; then south-east for about 3 chains to a point about 5 chains south from the southernmost corner of Survey No. 55; then north-east for about 4 chains to a point about 5 chains south-east from the abovenamed corner; then north-east for about 10 chains to a point about 6 chains south-east from the easternmost corner of Survey No. 55; then east for about 10 chains to a point about 5 chains west from the southernmost corner of Survey No. 52; then south-east for about 6 chains to a point about 6 chains south-west from the abovenamed corner; then east for about 4 chains to a point on common boundary between Hiriyavalli and Uppahalli to a point about 6 chains south-east from the southernmost corner of Survey No. 52 of Uppahalli, then north-east for about 4 chains through Survey No. 82 of Hiriyavalli to a point about 6 chains south-east from the southernmost corner of Survey No. 52 of Uppahalli; then again north-east for about 8 chains to a point on the common boundary between Hiriyavalli and Uppahalli to a point about 5 chains south-west from the south-east corner of Survey No. 48 of Uppahalli; then south-east for about 6 chains through Survey No. 82 of Hiriyavalli to a point about 7 chains south-east from the abovenamed corner; then north-east for about 21 chains to a point about 6 chains east from the easternmost corner of Survey No. 48 of Uppahalli; then slightly north-east for about 59 chains through Survey No. 82 to the westernmost corner of Survey No. 80 of Hiriyavalli.

East.—Then the line passes south-west for about 17 chains through Survey No. 82 of Hiriyavalli to a point on the common boundary between Hiriyavalli and Urganahalli about 5 chains north-west from the north-west corner of Survey No. 46 of the latter village; then south-west along the said common boundary for about 54 chains to the tri-junction bandhs of the said villages and Kodakani; then south-east along the common boundary between Urganahalli and Kodakani to the tri-junction bandhs of the said villages and Andagi.

South.—Then the line continues slightly south-west for about 15 chains through Survey No. 116 of Kodakani to a point about 8 chains north-east from the north-east corner of Survey No. 153 of Kodakani; then north-west for about 21 chains to a point about 5 chains north from the northernmost corner of Survey No. 153; then the line goes along the eastern and northern sides of Survey No. 133 of Kodakani to the north-east corner of Survey No. 132 tank; then along its northern side to its north-west corner; then along the east, north and west sides of Survey No. 131 to a point about 7 chains north-east from its south-west corner; then west for about 15 chains through Survey No. 116 of Kodakani north-east from the north-east corner of Survey No. 120; then slightly north-west for about 11 chains to a point about 5 chains north-east from the north-west corner of Survey No. 120; then north for about 4 chains to a point about 6 chains south from the easternmost of Survey No. 118; then north-east for about 4 chains to a point about 6 chains south-east from the said corner; then north-east for about 5 chains to a point about 5 chains east from the same said corner; then north-west for about 10 chains to a point about 5 chains north-east from the north-east corner of Survey No. 118; then north-west for about 7 chains to a point about 5 chains north from the north-west corner of Survey No. 118; then west for about 5 chains to a point about 5 chains north from the north-west corner of Survey No. 117; then south-west for about 6 chains to a point about 5 chains north-west from the westernmost corner of the said survey number; then further south-west for about 4 chains to a point about 5 chains west from the said corner; then south-east for about 6 chains to a point about 6 chains north-east from the north-east corner of Survey No. 92; then slightly north-west for about 17 chains to a point about 7 chains north-west from the north-west corner of Survey No. 92.

West.—Then the line runs north-west for about 17 chains to a point on the common boundary between Kodakani and Uppahalli to a point about 6 chains east from the north-east corner of Survey No. 115 of the former village; then west for about 2 chains to the quadro-junction bandhs of Kodakani Chikkasakuna, Bilagi and Uppahalli villages; then north-west along the common boundary between Chikkasakuna and Bilagi to the starting point.

REMARKS.

The following rights of way are admitted within the block for use by men and cattle in case of foot-paths which are 6 feet in width and by men, cattle and carts in case of cart-tracks which are 12 feet in width throughout the year.

I. *Cart-track 12 feet wide leading from Bilagi to Uppahalli.*—It enters the forest in the northern boundary of the block at a point about 5 chains south-east from the south-west corner of Survey No. 2 of Bilagi and runs south-east and north-east through Survey

No. 5 of Bilagi for about 15 chains and quits the forests in the same boundary at the southernmost corner of Survey No. 1.

II. *Foot-path 6 feet wide leading from the cart- track No. 1 supra to Uppahalli*—It branches in the southernmost corner of Survey No. 1 of Bilagi from the cart-track No. 1 *supra* and runs north-east and east through Survey No. 5 of Bilagi and 56 of Uppahalli for about 31 chains and quits the forest in the northern boundary of the block at a point about 5 chains west from the westernmost corner of Survey No. 59 of Uppahalli.

III. *Cart-track 12 feet wide leading from Kodakani to Udri.*—It enters the forest in the southern boundary of the block at a point about a chain east from the north-west corner of Survey No. 131 of Kodakani and runs north-east for about 31 chains through Survey No. 116 of Kodakani and 56 of Uppahalli and quits the forest in the northern boundary at a point about 5 chains south from the southernmost corner of Survey No. 52 of Uppahalli.

IV. *Foot-path 6 feet wide from Kodakani to Uppahalli.*—It enters the forest in the southern boundary of the block at a point about 6 chains east from the north-east corner of Survey No. 118 of Kodakani and runs north-east for about 19 chains through Survey Nos. 116 of Kodakani and 56 of Uppahalli and quits the forest in the northern boundary of the block at a point about 5 chains south-west from the westernmost corner of Survey No. 55 of Uppahalli.

V. *Foot-path 6 feet wide from Kodakani to foot-path No. II supra.*—It enters the forest in the western boundary of the block at a point about 2 chains east from the quadro-junction bandhs of Kodakani, Chikkasakuna, Bilagi and Uppahalli and runs north-east for about 25 chains through Survey No. 56 of Uppahalli and joins the foot-path No. II *supra* at a point about 12 chains south-west from the south-west corner of Survey No. 57 of Uppahalli.

VI. *Cart-track leading from Kodakani to Hireavalli.*—It enters the forest near the north-east corner of Survey No. 133 of Kodakani and runs north-east for about 76 chains through Survey Nos. 116 of Kodakani and 82 of Hireavalli and quits the forest in the northern boundary of the block at a point about 25 chains south-west from the southern-most corner of Survey No. 83 of Hireavalli.

Concessions.—The villagers of Uppahalli and Hireavalli are allowed to take free from the forest dried wood for fuel and Hireavalli villagers to take also dry leaves on free permits issued by the Forest Department.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

Letter No. 731, dated 10th June 1919, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore.

I have the honor to report the conclusion of the Settlement of Hireavalli block in Sorab Taluk.

2. The preliminary notification proposing to constitute the area into a State Forest appeared on pages 562—564 of the English issue of the *Mysore Gazette*, Part I, dated 19th May 1917 and the proclamation under Section 5 of the Mysore Forest Regulation was issued by my predecessor Mr. Basavaradhya and the same published on pages 1128—1129, Part II of the Kannada issue of the Gazette dated 11th October 1917. The spare copies of the notification were served on the villagers concerned through the Amildar, Sorab, and the block was settled by Mr. Basavaradhya on 23rd April 1918.

3. It is seen from the records that six claimants appeared to contest the constitution of the proposed block. The claims urged and accepted wholly or partly and those that were rejected are shown in detail in the B Register enclosed.

4. The villagers of Urganahalli appealed against the decision of the Forest Settlement Officer partly rejecting their claim to the exclusion of Survey No. 32 from the proposed block. The Deputy Commissioner of the Shimoga District has allowed the appeal by fully excluding the survey number for the reserve area. This is shown in the B Register in column 8 of the said village.

5. The following records are herewith submitted:—

B Register.
C Register.
Boundary notification.
Sketch map.
Topo tracing.

6. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

No. R. 3912-15—Ft. 23-19-4, dated 12th September 1919.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Hireavalli State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and Settlement
1	2	3	4	5	6	7	8
1	Rudra, patel of Uppahalli on behalf of the villagers.	21-4-18	States that Survey No. 56 is the only gomal of the village, that the rayats supply has to be got from this survey number and hence request for its exclusion. (2) Rights of way shown in the village map may be granted.	..	There is no necessity to exclude the portion of Survey No. 56 taken to this block as there will remain 100 acres and 10 guntas which is more than ample for the villagers	Rejected. Out of the Gomal Survey No. 56 only 60 acres are taken to the forest after leaving 100 acres and 10 guntas for the villagers in addition to 33 acres made available by shifting the demarcation lines near Survey Nos. 58, 59, 55, 51, 52 and 48 (cultivated). This is quite ample for 88 head of cattle owned by the village. (2) A cart-track 12 feet wide from Kodakani to Udri for men, cattle and carts throughout the year is allowed. A foot-path from Kodakani to Uppahalli 6 feet wide is allowed for men and cattle only throughout the year *A foot-path 6 feet wide from Kodakani to Uppahalli joining the foot-path in No. 51 are allowed for men and cattle only throughout the year.	* A foot-path 6 feet wide from Soulu to Uppahalli is allowed for men and cattle only throughout the year.
	Forest Settlement Officer on behalf of the villagers.	Do	There being no kharab or assessed wastes in the village, the rayats may be allowed to take free from the forest dried wood for fuel.	.....	.. .	Granted on free permits issued from the Forest Department	
2	Kotrappagowda, patel of Kodakani on behalf of the villagers.	Do	Rights of way shown in the village map may be granted.	.....	The villagers can conveniently graze their cattle in Survey No. 116 and draw their requirements from that, and that there is no necessity for exclusion of Survey No. 116.	Admitted. One foot path 6 feet wide and one cart track 12 feet wide both to Uppahalli from Kodakani and another cart track to Hireavalli also 6 feet wide is allowed. cart track is intended for men, cattle and carts and foot path for men and cattle throughout the year. The only gomal area of 561 acres 31 guntas is wholly proposed for the Forest but I have excluded an area of about 63 acres in the west owing to the inconvenient situation there of between two patches of cultivation. Cultivation margins for Survey Nos 92, 119, 117, 118, 120, 121 and 153 are allowed. This releases about 54 acres of gomal for the village. Even after deducting the portion left, i.e., 117 acres the actual gomal area taken is 147 acres and 31 guntas. As this is the gomal of the village, the three kharab Survey Nos. 50, 133 and 138 will be converted into gomal for the benefit of the villagers so that they may not have to pay any huttabani. The area thus left for the village will be enough for all the requirements of the village and no further concessions are necessary.	
3	Venkatappa Jois, patel of Urgannahalli on behalf of the villagers.	Do	Pray for the exclusion of Survey No. 32 as it supplies grass, etc., during the monsoon, that when the tank in Survey No. 47 overflows, the cattle have to swim along to go to Survey No. 51 and it is not possible to graze their cattle there. (2) Cart tracks and foot paths shown in the village maps may be granted.	.....	The area of Survey No. 51 is 215 acres and 5 guntas and so all the requirements of the village can be obtained from this survey number. (2) As the village cattle cannot go to Survey No. 51 for grazing purposes, the villagers may be allowed to graze their cattle in Survey No. 32 on payment of grazing fee at the following concession rate, *viz.*, annas two per cow and annas four per buffaloe. Right of way may be granted.	†Survey No. 32 is proposed to be taken for the village. As it is inconvenient to take the cattle for grazing to Survey No. 51 owing to the submersion of the tank Survey No. 47 in the rainy season, the villagers have to go to Survey No. 32. So I exclude about 59 acres on the north-east side of Survey No. 32 for the use of the cattle. A cart-track from Kodakani and one foot path from Hireavalli to this village shown in the village map are allowed. Foot path 6 feet wide for men and cattle, cart track 12 feet wide for men, cattle and carts only but both are available throughout the year. Cultivation margin of 5 chains is allowed for Survey No. 31. This gives about 5 acres to the village.	

† The Forest Settlement Officer admits the reasonableness of the villagers contention that Survey No. 51 is inaccessible in the rainy season and on this ground allows them 59 acres of Survey No. 32 in the north-east. But this portion is alleged to be marshy and incapable of growing grass. Survey No. 51 is also proposed to be taken up for another State Forest, *viz.*, Guddathabasalli block notified on 21th August 1918. I accept the appellant's contention and allow the villagers the whole of Survey No. 32 excluding it from the State Forest.

No. R. 3912-15—Ft. 23-19-4, dated 19th September 1919.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Hireavalli State Forest—*concld*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and settlement
1	2	3	4	5	6	7	
4	Lakshman Rao, patel of Chiksakuna on behalf of the villagers	21-4-18	Represents that Survey No 32 is the only land available for the village and that all supplies are drawn from that survey number. (2) Rights of way to Udti, Uppahalli to Survey No 31. Some raiyats are to be brought for cultivatory lands, Sorab and Hiresakuna people graze cattle and get fuel from here.		Only 50 acres have been taken, leaving for the villagers an area of 45 acres and 7 guntas from which the villagers can get all their supplies, there is an area of 15 acres and 16 guntas of assessed waste lands, hence there is no necessity for the exclusion of portion of Survey No 32 taken for the block	Admitted An extent of 50 acres out of Survey No. 32 (88 acres 23 guntas) of this village is proposed The said survey number is let off altogether as the villagers will be put to much inconvenience if this survey number is taken away. (2) Not granted	
5	Sivlah Naik patel of Bilagi on behalf of the villagers	Do	Says that Survey No. 5 is proposed for the Forest and this will seriously inconvenience them and pray for its exclusion.		The number of cattle in the village is only 16 and the cultivation margin that will be allowed is nearly 40 acres in extent is more than ample to meet the grazing requirements of the village.	Partly admitted. A gomal area of 145 acres 5 guntas (Survey No 5) is proposed for the forest. This will seriously cripple the sources of the village supply and it will be rather unfair and so I exclude the western portion of the said land by changing the line and the settled line will run from a point in the southern boundary of Survey No 5 about 19 chains south-west from the southernmost corner of Survey No. 2 to a point about 7 chains south east from the south-east corner of Survey No. 2 The above alteration will exclude about 105 acres of Survey No 5 for the benifit of the villagers This and kharab Survey No 9 (21 acres 18 guntas) will be enough to supply the needs of this small village. (1) A cart-track 12 feet wide from the village to Uppahalli *via* Survey Nos 5 and 1 is allowed for men, cattle and carts throughout the year (2) A foot path 6 feet wide branching from the cart-track of para 3 above near the southernmost corner of Survey No 1 and going to Uppahalli village is allowed for men and cattle only throughout the year	
6	Channabasayya, patel of Hireavalli on behalf of the villagers	Do	Prays for the exclusion of Survey No 82 as it is the only grazing area available for the village (2) Cart-track from Kodakani and a foot path from Oorganhalli are required.		Survey No. 82 contains good growth of valuable timber trees The villagers have no other gomal area and free grazing may be allowed	Partly admitted The only gomal land of Survey No. 82 (area 139 acres 19 guntas) has been proposed for the Forest It is rather unfair to take the whole land as the villagers have got this only gomal So I decide to exclude the northern and south eastern portion of it for the villagers and take only about 185 acres for the Forest. The villagers will be allowed to take free from the Forest, dried wood and dry leaves on free permits issued by the Forest Department 2 (6) Two cart tracks each 12 feet wide one from Kodakani and the other (excluded) from Oorganahalli are allowed for use by men cattle and carts throughout the year T. CHOKKANNA, Forest Settlement Officer in Mysore.

T. CHOKKANNA,
Forest Settlement Officer
in Mysore

Claim to the Excise Revenue from toddy.

No. R. 3131-2--S. R. 46-02, DATED 4TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. A. C. 260-16, dated 10th June 1919, from the Excise Commissioner in Mysore, forwarding the records relating to the claim of the Inamdar of Kalkere, Kunigal Taluk, to the Excise Revenue from toddy.

Order No. R. 3131-2—S. R. 46-02, dated 4th September 1919.

The Sannad is not forthcoming. The Inam Settlement of 1871, reserved Abkari revenue to Government. But the final Quit-rent Register admits the claim of the Inamdar to "Sendi" *i.e.*, Excise Revenue from toddy. The Inamdar is reported to have produced at the time of the Inam Settlement a copy of a nirup granted by Dewan Purnaiya conceding the revenue on account of "Sendi" to the Inamdar as evidenced by the increase of Jodi by two pagodas on account of "Sendi." The Officer who investigated the claim in 1902 (Mr. T. Paramasiva Iyer) and the then Deputy Commissioner of the District were of opinion that the Inamdar's claim to Excise Revenue should be admitted. Government agree with their view and are pleased to recognise the Inamdar's claim to Excise Revenue from toddy.

2. It is reported that there is no toddy shop in the village. Payment of the revenue to the Inamdar will therefore be regulated by Rules 2, 5 and 13 of the Rules regulating Inamdar's claims to Excise Revenue issued with Government Order 2074-83—R. F. 166-92, dated 2nd August 1901.

3. Government regret to observe that there has been an inordinate delay of 13 years in furnishing certain additional information called for from the Excise Commissioner. The delay has not been satisfactorily explained. In such cases, the Excise Commissioner is requested to submit with the records the explanation of all the officers responsible for such delays.

Revision of the System of the Levy of Mohatarfa Tax in Non-Panchayet Areas.

No. R. 3491-508—L. B. 47-19-1, dated 11—19th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Section IV of Chapter IX of the Mysore Revenue Manual relating to the levy of mohatarfa tax.

2. Report dated the 18th April 1913, of the Special Committee of the Mysore Economic Conference for the imposition of Fresh Taxation.

3. Report of the Special Committee of the Economic Conference on Local Finance.

4. Resolutions 12 and 13 of the Local Boards and Municipal Conference held in Mysore in 1915.

5. Government Order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, passing orders on the scheme for the development of Local Self-Government Scheme in Mysore.

6. Note on revision of mohatarfa, on which the opinion of the Representative Assembly was invited at the Second Session held in April 1917.

7. Opinions of the District Boards on the question of revision of mohatarfa in rural areas.

8. Resolution of the Finance Committee on Subject No. 6, relating to abolition and reduction of certain taxes at its meeting held on the 30th March 1918.

Order No. R. 3491-508—L. B. 47-19-1, dated 11—19th September 1919.

Prior to the year 1860, various taxes on castes and professions, besides taxes on houses, shops and oil-mills were levied and included under the general head of mohatarfa. In the year 1860, however, a general revision of the mohatarfa taxes took place which resulted in many of the items on which such taxes were levied being omitted, the following five only being retained:—

Tax on houses.
Tax on looms.
Tax on shops.
Tax on oil-mills.
Tax on ploughs.

In the year 1871 the plough tax was also abolished and a local cess of one anna per rupee on the revenue of the assessed lands was introduced in its stead. A tax on carts, at the uniform rate of Rs. 2 per cart per annum, was newly introduced in 1870. The rate of the tax, on carts drawn by single bullock, was subsequently fixed at Re. 1 per cart. From the 1st July 1897 the loom tax was abolished. With these minor modifications, this system of taxation, that was prescribed in the past, has been continued up to the present time and the following are the items on which the tax is levied now:—

1. Houses.
2. Shops.
3. Oil-mills.
4. Carts.

The rates of taxation, fixed for the above items of the mohatarfa in the late Chief Commissioner's Circular Order No. 265, dated the 28th September 1860, and the exemptions granted from payment of these taxes, have continued to the present time with only a single modification in the rate of tax levied on single bullock carts.

2. The principle of the mohatarfa system of taxation is that it should reach those classes who do not contribute to the Land Revenue, and this and the ancient custom of the country have been the cause for exempting several classes of people from the operation of the tax.

No. R. 3491-508—L. B. 47-19-1, dated 11—19th September 1919.

3. The question of giving a legal basis for the levy of mohatarfa taxes and revising them has been under the consideration of Government for a long time. In 1912, the question was considered by a Special Committee of the Economic Conference appointed for examining the question of imposing fresh taxation including income-tax. Again in 1914, the recommendations of this Committee were referred for opinion to another Special Committee of the said Conference, appointed for considering questions relating to local finance. The opinion of both the Committees is that the taxes on houses, especially of the better class, and of shops are capable of enhancement, that cart-tax may be levied at a uniform rate of Re. 1 per cart per annum on all carts agricultural or non-agricultural, and at 8 annas on wadder carts and that the oil-mill tax should be abolished. The Special Committee, on Local Finance, recommended that the mohatarfa should be entirely made over to local bodies and should cease to be an item of revenue of the Central Government and this recommendation was concurred in, by the Local Boards and Municipal Conference held in Mysore in 1915, and by the majority of the District Boards.

4. In Government Order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, the Government, while laying down their policy in regard to the extension of the Local Self-Government Scheme, have already assigned to the Local Boards the mohatarfa recovered in rural areas inclusive of the Unions.

5. By the passing of the Local Boards and Village Panchayets Regulation, VI of 1918, Unions as such, have ceased to exist and Village Panchayets have been constituted separately, with power to levy not only house and shop taxes, but also a tax on vacant sites and hittals and a cess for works of communal benefit. The present position in regard to mohatarfa taxation is therefore as follows:—

(i) It is levied on houses, shops, oil-mills and carts in all villages, for which Village Panchayets have not been constituted, subject to the rules relating to exemptions in respect of each item.

(ii) It is levied as mohatarfa, only on oil-mills and carts in villages, having such Village Panchayets, subject to the usual exemptions.

6. It is now intended to revise the rates of mohatarfa taxation and to do away with certain exemptions which have been in force from time immemorial, so as to improve the income from this source. The legal basis of the existing system of mohatarfa taxation being mamool or usage, it will be necessary to take power to alter or modify the system by legislation. Having regard to the following two circumstances, Government do not consider it necessary to resort to independent legislation:—

(i) The first circumstance is that, under Section 56 of the new Local Boards and Village Panchayets Regulation, 1918, Village Panchayets are expressly authorized to levy a tax on houses and shops and a tax on vacant sites and hittals.

(ii) The second is that, though Section 23 of the Regulation does not expressly refer to the balance of the mohatarfa revenue as a matter of fact, Government have assigned the whole of such balance, for expenditure by District Boards. In the result, therefore, no portion of the mohatarfa revenue is, or is proposed to be utilized by Government for State purposes. That being so, Section 23 has to be amended so as to empower each District Board, to directly levy for the District Fund, instead of indirectly accepting it as an assignment from Government, (i) a tax on houses, shops, vacant sites and hittals not situate in Municipal areas, and not liable to be taxed by Village Panchayets, under Section 56, at rates not exceeding those to be fixed by Government and also subject to such rules as may be framed by them and (ii) a tax on carts at such rates as may be approved by Government. Necessary action will, accordingly be taken in the Legislative Department, at a very early date. The oil-mill tax will be abolished with effect from 1st July 1919.

7. At present, exemptions from payment of the house tax are granted in favor of agriculturists, barabaluti hakdars, tiglars growing vegetables on their lands, religious and charitable institutions, cooly huts in coffee estates, Brahmins, Rajputs and Mahomedans. In some cases, exemptions are based on considerations of race, and in others on religious grounds, while agriculturists are exempted on the ground, that mohatarfa was intended to reach classes not contributing to Land Revenue. As regards cart-tax, agriculturists, Mutts, and waddar carts employed by the Public Works Department, enjoy exemption. It is, however, observed that such exemptions have led in

the past to much confusion in regard to their levy, and the evasion of payment on purely technical grounds. Whether, in view of the fact that the entire amount is now a part of the local funds and that local conveniences demand larger extent of local taxation, it is not necessary that such exemptions should be sparingly allowed and in rare instances only without reference to castes, communities or interests, is a matter which seems to require the serious consideration of the District Boards.

8. The recommendations of the District Board, in the matter of revising the rates of taxes on houses, shops and carts will be taken up for consideration after the regulation is suitably amended.

9. Detailed rules have separately issued in regard to the taxation in villages having Village Panchayets.

Absence of Ex-officio Presidents of Municipal Councils.

No. R. 2952-62—Ml. 17-19-10, dated 1st September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. C. 89, dated 12—14th June 1919, from the Deputy Commissioner, Bangalore District, stating that the Taluk Sheristadars appointed to look after the duties of the Amildars during the absence of the latter on leave should also look after the Municipal work in virtue of their office, as Amildars are the *ex-officio* Presidents of the Municipalities, that the non-official, Vice-Presidents however resent receiving orders from the acting Presidents and requesting definite instructions in the matter.

Order No. R. 2952-62—Ml. 17-19-10, dated 1st September 1919.

Government take this opportunity to observe that in all cases in which Amildars have been appointed *ex-officio* members and Presidents of Municipal Council, it is not strictly correct to allow subordinate taluk officials who look after the current duties of the Amildar during the latter's absence on short leave, to exercise the functions of the Municipal President. Government therefore direct that whenever an Amildar who is also *ex-officio* President of the Municipal Council is absent on leave or whenever the office of an Amildar is temporarily vacant and no successor as such has been appointed by Government, the Vice-President of the Municipal Council may look after the duties of the President as authorised in section 25 (2) (b) of the Mysore Municipal Regulation.

Regularisation and Development of Municipal Taxation.

No. R. 4050-60—Ml. 98-19-1, dated 22nd September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Report dated the 18th April 1913 of the Special Committee of the Economic Conference for the imposition of fresh taxation.

2. Report of the Special Committee of the Economic Conference on Local Finance.

3. Government Order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, passing orders on the scheme for the development of Local Self-Government in Mysore.

4. Opinions of the several Municipal Councils received with reference to para 12 of the above order relating to the modification of the existing system of Municipal taxation.

5. Letter No. 169, dated 29th March 1917, from the President of the City Municipal Council, Mysore, stating that owing to the great European War no change is desirable in the existing system of Municipal taxation.

6. Government Order No. 4464—Ml. 257-13-4, dated the 9th February 1918, recording letter No. 211, dated the 24th January 1918, from the President of the City Municipal Council of Bangalore stating that the question of abolishing Mohatarfa and introducing a trade and profession tax, as well as replacing the octroi by a terminal tax requires to be worked out with a view of introducing such schemes as may be found advantageous after the cessation of the European War.

Order No. R. 4050-60—Ml. 98-19-1, dated 22nd September 1919.

In paragraph 12 of their order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, Government indicated the directions in which the financial organisation of Municipal Councils was defective and left it to each Municipal Council to submit definite recommendations for modification of the existing system of Municipal taxation. The views of the several Municipal Councils so far received do not show that sufficient care and attention have been bestowed on the legal aspects of the present taxation and the ways and the means to develop their resources.

2. An analysis of the present system of Municipal taxation discloses the following anomalies:—

(i) In the premier Municipalities of Bangalore and Mysore, the old Mohatarfa shop and oil-mill taxes levied under the Chief Commissioner's Notifications still exist and they have not been replaced by the profession tax. In the Mysore City, tax on carts is recovered in some cases under the Mohatarfa Rules.

(ii) In most of the 34 other Municipalities constituted under the Municipal Regulation of 1906, the levy of house and vehicle taxes has not been revised in accordance with that Regulation and the house tax and the Mohatarfa shop, cart and oil-mill taxes are still being levied under para 11 of the late Chief Commissioner's Proceedings No. 3362-73—Ml. 161, dated the 27th September 1879 and the Mohatarfa Rules.

(iii) In all the Municipalities not governed by the Municipal Regulation, 1906, the house tax and the Mohatarfa shop, cart and oil-mill taxes were being levied under executive authority, and they have to be regularised by the issue of rules under the new Chapter XIV of the amended Municipal Regulation in the case of those Municipal Councils to which the chapter is made applicable and in the case of the rest, action has to be taken under Chapter VII of the Regulation.

3. The levy of oil-mill tax has been ordered to be abolished from the 1st July 1919 in Government Order No. R. 3491-508—L. B. 47-19-1, dated 11th September 1919. In regard to the substitution of the shop tax in the two City Municipalities by the profession tax the main objections advanced till now were that the rates of profession tax fixed in Schedule III of the Municipal Regulation were low and that the minimum income liable to tax, *i.e.*, Rs. 100 per mensem was high. In accordance with

the recommendations of the Local Finance Committee and the Local Boards and Municipal Conference, Mysore, the said schedule has been revised whereby not only have the rates of the said tax been doubled but the minimum income liable to tax reduced from Rs. 100 to 30. The two City and all the Town Municipal Councils should therefore immediately take steps to levy profession taxes in lieu of the Mohatarfa shop and oil mill taxes from the 1st January 1920. The Mohatarfa cart tax levied in Municipalities should be replaced by the tax on vehicles and animals under clause (ii) of section 59 of the Municipal Regulation. In regard to Municipalities for which Minor Municipal Councils are constituted, suitable rules will be issued under section 187 (3) for the levy of taxes in them.

4. Thus far, only the question of regularising the taxes has been considered. But, if Municipal Government is to develop further expansion of their resources is necessary. A study of the rates of taxation and the proceeds under each head in the Municipalities of the State shows a tendency to undue dependence on Government, even by the premier Municipal Councils, for the satisfaction of their primary wants, such as water-supply and lighting. 44 per cent of the revenue of the Municipal Councils in the State comes from Octroi and another 12 per cent from tolls. Further while there has been a steady increase in the revenue from octroi that from house tax has been in most cases stationary. Revision of the assessment registers has been effected and increased revenue secured in a few cases only. The income from lighting tax in the two City Municipalities which are provided with electric lights is in no way sufficient to meet the actual expenses. The water rates levied in the two cities are also totally inadequate for the corresponding expenses when provision for a sinking fund and for interest charges are taken into account. The tax on animals and vehicles authorised by the Regulation is not levied in most Municipalities and there is reason to believe that even in the few Municipalities where it is levied, the arrangements for assessment and collection are not efficient and that considerable leakage occurs.

No general or special Sanitary Cess is levied in any of the Municipalities, except the Bangalore City and in most Municipalities including the Mysore City, the 'pit' system is still allowed to continue against all rules of public health and no arrangement exists for the removal of night soil daily outside the City or Town. In a large number of Municipalities, steps have not been taken to develop to the fullest extent, the income from Municipal properties such as markets and slaughterhouses, and the fees derived from the issue of licenses are negligible except in the Bangalore City Municipality. To summarise, while the scope for indirect taxation has been availed of to the full extent in the Cities and in some of the Towns and while there is incessant demand from others for the levy of tolls, there has not been the same solicitude for the development of direct taxes and of income from Municipal properties, nor have any of the Municipal Councils yet come forward with any useful and profitable schemes of Municipal trading.

5. The two City Municipal Councils should take steps to enhance the rates of lighting tax and water rate so that the income therefrom may be sufficient to defray in full the charges incurred in respect of these services. They should also take up again the question of levying terminal tax in addition to or in lieu of octroi and submit their recommendations in the matter for the orders of Government very early. All the Municipal Councils should take action at once to revise the tax on buildings which has not been done for some years past in most towns, to levy the assessment on buildings under the Municipal Regulation wherever this has not been done, to levy the other fees and cesses permitted by the Regulation, and to develop other sources of Municipal income and report the result of the action taken before the end of December 1919.

6. Separate orders will issue on the reports referred to in serial 4 of the preamble.

Fee Concessions to Students belonging to Depressed Classes.

No. 2793-4—Edn. 86-19-2, dated 19th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 62—H. C., dated 25th July 1919, from the Inspector-General of Education recommending that Rule 29 of Education Rules regarding the admission of pupils may be amended so as to exempt students belonging to Depressed Classes from payment of fees.

Order No. 2793-4—Edn. 86-19-2, dated 19th September 1919.

The Inspector-General of Education has brought to the notice of Government that though Government have already provided a liberal scale of scholarships for the Depressed Classes, nearly four months usually elapse after the school year begins before any of the scholarships are disbursed and that the students are therefore expected to pay admission fees at the time of admission and the usual fees month after month though the fees actually paid are remitted to the students when scholarships are eventually awarded. He states that, on account of the poverty of the generality of these classes, the rule regarding admission fee and class fees has operated as a set back to their educational progress and accordingly recommends that the rule in question may be amended so as to permit the admission of the Depressed Class students without the payment of the usual admission fees and to exempt them from the payment of fees.

2. Government consider that the above concession is necessary in the case of communities like the Depressed Classes who are as a class poor and are prone to avoid education and they are accordingly pleased to sanction the recommendation of the Inspector-General of Education tentatively for a period of three years. The Inspector-General of Education is requested to refer in the annual reports of the Department how far the concession herein sanctioned has tended to increase the attendance of pupils of the community in Educational Institutions.

3. The Inspector-General of Education is also requested to see that delay in awarding the scholarships is minimised.

Loan of services of Mechanics employed in the I. & C. Department to private Industrialists.

No 2335-7—I. & C. 62-19-2, DATED 5TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 706—52, dated the 18th July 1919, from the Director of Industries and Commerce reporting that he has in anticipation of Government sanction, lent the services of Mr. Mir Sab, Assistant Mechanic to Mr. Brahmappa Thavanappanavaru of Davangere for a period of six months to work his oil mill, subject to the condition that Mr. Mir Sab's pay should be paid in full by Mr. Brahmappa Thavanappanavaru during the period and requesting general sanction of Government to his complying with similar requests from other private industrialists and to filling up the vacancies caused thereby in the Department by qualified hands.

Order No. 2335-7—I. & C. 62-19-2, dated 5th September 1919.

The loan of the services of Mr. Mir Sab, Assistant Mechanic, is sanctioned, subject to the condition that the provision of the Mysore Service Regulations regarding Foreign Services, except in the matter of pension contribution, should apply in all such cases. This should be made known to Mr. Brahmappa Thavanappanavaru. The bonus addition to the Provident Fund Subscription of the Assistant Mechanic for the period his services are lent should also be paid by Mr. Brahmappa Thavanappanavaru.

2. As regards the general question of complying with such requests, Government consider that their previous sanction should be obtained in each case, but, in urgent cases, the Director of Industries and Commerce may make the necessary arrangements to loan the services of an officer for a period not exceeding three months and report the fact immediatly to Government for ratification. Sanction should, however, be obtained for such extensions of the period as may be necessary.

3. In filling up the vacancies caused by such arrangements, the Director is requested to find employment as far as possible for passed candidates of Government School of the Mechanical Engineering, Bangalore, subject to the conditions laid down in Government Order No. 1270-1320—E. A. G 317, dated the 7th November 1918 so that they may have suitable opportunities to get practical training and become qualified to take charge of installations. He is also requested to submit a list showing the details of appointment so made to Government at the end of every official year.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agriculture.

Grain Compensation Allowance.

No. Fl. 1972-2021—G. F. 5-19-5, dated 15th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 1972-2021—G. F. 5-19-5, dated 15th September 1919.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of September 1919, to the employees in the two cities of Bangalore and Mysore and all taluks and sub-taluks in the State as indicated below:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 3 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem, Rs. 1-8-0.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6-8-0 per mensem.

M. N. KRISHNA RAO,

Audit and Appropriation Report on the Accounts for 1917-13.

No. Fl. 1830-79—G. F. 284-18-3, dated 8th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter Nos. Books 3273 and 3701, dated 22nd and 26th May 1919, from the Comptroller, submitting the Audit and Appropriation Report on the accounts for 1917-18.

Order No. Fl. 1830-79—G. F. 284-18-3, dated 8th September 1919.

Para 35 of the Report shown the heads of expenditure under which excesses over budget grants occurred, how far the excesses were covered by reappropriations, and what part of the excesses remained unregularised at the end of the year. Action for obtaining the required authority for exceeding budget grants was not taken in the case of as many as 20 heads and under many of them the unauthorised excesses were fairly large. Sufficient attention is, apparently, not paid by the spending authorities to the rules laid down in Articles 311 to 317 of the Mysore Account Code. The fundamental rule is that no expenditure should be incurred for which provision is not made in the sanctioned budget or which is not covered by reappropriation or additional grants sanctioned by competent authority before the excess expenditure is incurred. The importance of strictly adhering to this rule cannot be too strongly impressed upon officers entrusted with the responsible duty of spending public funds. Government hope that as the result of stricter attention to the said rule on the part of spending departments there will, in the future, be no large items of excesses uncovered by due provision of funds, to be noticed in the Audit and Appropriation Reports.

2. The Comptroller is requested to report in the quarterly returns of objections submitted to Government in respect of all large items of excesses over budget grants, when they were noticed in audit, what action was taken by the Audit Office to require the departments concerned to have the excesses regularised and why in spite of the action taken, the excesses remain unremedied.

3. The Comptroller is authorised to admit finally in audit the excesses reported by him in para 35.

4. *Objections.—Civil.*—There are increases as compared with the previous year under all classes of objections and this is far from satisfactory. There is no reason why suspense receipts and payments should remain awaiting adjustment indefinitely. It is reported that as large an amount as 2½ lakhs is waiting clearance for want of bills on account of pay and allowances of officers and men of the Imperial Service Regiment and Transport Corps. The Chief Commandant is requested to take necessary steps to expedite the submission of pending bills to prevent further delay in the final admission in audit of the amounts now held under objection. The recovery of service payments retrenched in the course of audit is not also as prompt as it should be. The attention of all officers is drawn to the rule contained in Article 24, Mysore Account Code. The Comptroller is requested to report in the Quarterly Returns of objections instances of retrenchment orders which have not received prompt attention. The number of items under objection relating to 1916-17 and the previous years is large. Lapse of time renders the items more and more difficult of satisfactory clearance. The officers concerned must be requested to state without delay in respect of every item under objection relating to their offices whether the requirements of audit for its final admission can or cannot be complied with and suitable action should be taken for the clearance of items under objection. Government hope to see in the next report a substantial reduction in the number of old items under objection.

5. *Objections—Public Works.*—Amounts under objection for want of estimates and on account of excess over estimates are larger than in the previous year. Under objections for want of estimates 146 items are reported against 122 in the previous

year. The Chief Engineer is requested to take necessary action to prevent the undertaking of works before estimates therefor are prepared and sanctioned by competent authority.

6. *Objections—Cauvery Power Scheme.*—There is a satisfactory reduction except under miscellaneous objections. The Chief Electrical Engineer is requested to reduce the number of objections of even this class.

7. *Objections—Railways.*—The attention of the Agent is invited to the Comptroller's remarks in para 59 of the Report. Necessary action should be taken to prevent the objections to which the Comptroller has drawn special attention.

8. *Rush of expenditure.*—The attention of the Chief Engineer and the Revenue Commissioner is invited to the remarks of the Comptroller in para 67 of the Report and they are requested to take the necessary action to prevent the rush of expenditure to which he has drawn attention.

Grant of Temporary Local allowance. for September 1919.

No. Fl. 2031-80—G. F. 3-19-5, dated 16th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read Again—

Government Order No. Fl. 2533-82—G. F. 94-18-3, dated the 23rd November 1918, sanctioning the grant of a temporary local allowance, in addition to Grain Compensation Allowance, of one anna in the rupee to all officials whose salary does not exceed Rs. 50 for a period of three months from 1st November 1918.

2. Government Order No. Fl. 1350-99—G. F. 3-19-2, dated the 20th August 1919 continuing the grant of the said allowance up to the end of August 1919.

Order No. Fl. 2031-80—G. F. 3-19-5, dated 16th September 1919.

The grant of the temporary local allowance to all officials whose salary does not exceed Rs. 50 per mensem is further continued to the end of September 1919, subject to the conditions laid down in the first order, dated the 23rd November 1918, read in the preamble.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 1562—T. A. D. A., dated 25th June 1919, from the Comptroller, submitting his annual report on the objections raised prior to 30th June 1918, and outstanding at the end of December 1918.

(In extenso Annexure statement).

Order No. 2163-212—G. F. 36-19-2, dated 20th September 1919.

Recorded.

2. The report discloses that several items have been outstanding for long periods and Government desire that prompt steps be taken by Deputy Commissioners and other officers concerned to whom extracts of the outstanding items are being sent by the Comptroller for adjusting them. In the case of the old items for which the requirements of audit cannot be compiled with, the officers concerned should make a definite statement to that effect in their replies to the Comptroller and simultaneously take action for obtaining sanction of competent authority for removing the items from under objection.

3. The Comptroller will note in his next report full explanation against each item of outstanding objection as to the cause of delay in adjustment to enable Government to take suitable notice of cases in which the requisitions from the audit officer for adjustment have not been promptly attended to.

M. N. KRISHNA RAO,
Offg. Finl. Secy. to Govt.

To—The Comptroller, Mysore Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Exd—G. W. B

From M. N. Krishna Rao, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to Rajamantrapravina Diwan Bahadur J. S. Chakravarti, Esq., M.A., F.R.A.S., etc., Secretary to the Government of Mysore, Financial Department, dated 25th June 1919.

I have the honour to forward herewith the Annual Report on the objections (with an abstract) raised prior to 30th June 1918 and outstanding at the end of December 1918 as required by Article 1001 of the Civil Account Code Volume II. The report takes into account the adjustments effected till 31st December 1918 instead of till 31st October 1918. Owing to the dislocation of work caused by the influenza epidemic this report could not be submitted on 31st of December 1918. The report for the current year will be submitted in time. Extracts of the outstanding items are being sent to the Deputy Commissioners and other officers concerned for taking steps for the speedy adjustment of outstanding items but with not much appreciable result. In the Bangalore and Mysore Districts some very old items are outstanding in the accounts from a long time. I request that strict orders may be kindly issued by Government to the Deputy Commissioners of these Districts to take prompt steps for the immediate adjustment of these very old items and in the case of such of these items for which the requirements of audit cannot be complied with now, they may be required to make a definite statement to that effect and take immediate action for obtaining Government sanction where necessary, for removing the items from under objection. It serves no useful purpose to hold under objection items impossible of recovery or incapable of being regularised to meet the requirements of audit.

Abstract statement of objections raised prior to 30th June 1918 and outstanding at the end of December 1918.

Correspondence ending with letter No. H. C. 1241 of 18-19, dated the 25th July 1919, from the Deputy Commissioner, Tumkur District, stating that Sri Nrisimha-asrama Swamigalu of the Sri Kodandasrama Matt at Hebbur, Tumkur Taluk, passed away at 3 A.M., on 1st March 1915, having given Asrama to one Vedamurti Ahobala Sastri of Nagamangala in view to his succeeding him to the Pita, that the people of Hebbur signified their assent to the succession of Vedamurti Ahobala Sastri as he is duly qualified and fit for the Asrama, and requesting that as Vedamurti Ahobala Sastri has been a Swami for over four years and is known to be conducting himself satisfactorily towards the public and his disciples, his succession to the Pita may be recognised under the Titular name of Sri Ramabrahmananda Swamigalu.

Order No. 824-34—Muz. 507-14-4, dated 2nd September 1919.

The Government of His Highness the Maharaja of Mysore are pleased to recognise the succession of Vedamurti Ahobala Sastri to the Pita of Sri Kodandasrama Matt at Hebbur under the Titular name of Sri Ramabrahmananda Swamigalu.

Sri Aghoreswaraswami Temple at Ikkeri, Sagar Taluk.

No. 979-81—Muz. 6-19-2, dated 15th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 1590-2—Muz. 115-08-9, dated 20th December 1910, fixing a tentative scale of expenditure in the Sri Aghoreswaraswami temple at Ikkeri, Sagar Taluk, and calling for proposals for the final revision of the scale of expenditure in the temple in consultation with the Muzrai Superintendent.

(2) Note No. R. C. 1380-2, dated 4th July 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the above temple and stating that the proposals which were originally drawn up by Mr. M. Sadasiva Rao, Assistant Secretary, Muzrai Department, after personal inspection and enquiry, were further revised by him when he visited the place and that the Deputy Commissioner who was consulted in the matter agrees to the proposals.

Memorandum.

Revision of the scale of the Sri Aghoreswaraswami temple at Ikkeri, Sagar Taluk.

Although the annual income is under Rs. 1,000, the importance of the institution is such as to warrant its treatment as a Major Institution. Besides, the institution is one of architectural interest.

2. The average income of the institution is Rs. 857-8-0 per annum, of which Rs. 839-8-0 is cash grant, Rs. 18 interest on Rs. 300 (puduvat at 6 per cent lent to one Devappa). Six acres and 11 guntas of kandayam lands endowed to the temple and situated in Aralikuppe village are in the possession of Bhajantris. In addition to the payment of kandayam due to Government on these lands, the Bhajantris pay 50 seers of rice to the temple annually.

3. The existing scale was tentatively fixed in 1910 in Government Order No. 1590-2—Muz. 115-08-9, dated the 20th December 1910, and the Deputy Commissioner was requested in the said order to submit proposals for the final revision of the scale in consultation with the Muzrai Superintendent. Accordingly a scale was submitted with his letter No. 4516, dated 15th March 1911, which was however kept by pending a personal visit to the place by the Muzrai Under Secretary. The place has since been visited by the Muzrai Superintendent and also by his Assistant Mr. M. Sadasiva Rao and the following proposals formulated.

I. Establishment.

4. The existing charges under this head amount to Rs. 501-13-3 and in the revision proposals of the Deputy Commissioner they are reduced to Rs. 409. The decrease is due to the abolition of a number of Upadhi posts which are either vacant or are considered unnecessary at present. The pay of the Archaks and Paricharak has been slightly reduced and a Huvvadi on Re. 1 and a contingent charge of As. 8 a month has been newly added, thus reducing the total charges to Rs. 391 a year. The proposed establishment seems suitable and may be adopted.

(ii) Nityakatle.

5. In the existing scale a sum of Rs. 166 per annum is provided for Naivedya and Nandadeepa. The Deputy Commissioner recommends the enhancement of this amount to Rs. 190. I have proposed a slight increase of Rs. 2 and the total amount comes to Rs. 192. This is due to the high rates of rice and ghee and the amount now provided for may stand.

III. Hetchukatle.

6. The existing provision under this item is Rs. 155-14-4 and in the revision proposal this amount is raised to Rs. 172-8-0. The increase of Rs. 17-3-8 may be allowed.

IV. Miscellaneous.

7. The Puduvat amount lent to Dyavappa should be recovered and invested otherwise.

No. 979-81—Muz. 6-19-2, dated 15th September 1919.

Since the resources of the institution are somewhat limited, a contribution of only 3⅛ per cent on the gross income amounting to Rs 27 for the Muzrai Establishment Fund may be levied. This leaves a balance of Rs. 75 a year for the repairs, etc., of the temple. The temple had an invested surplus of Rs. 1,789-14-10 in the 3½ per cent Government of India Securities and an uninvested balance of Rs. 643-0-10 at its credit on 30th June 1918.

Order No. 979-81—Muz. 6-19-2, dated 15th September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are accordingly pleased to accord sanction to the same.

2. The question of levying a contribution on the temple income towards the Muzrai Establishment Fund will be separately considered and orders issued in the matter in due course.

B. RAMASWAMAIYA,

Government Proceedings No. 2696-7—Muz. 221-11-4, dated 11th May 1912, sanctioning a scale of expenditure in the Sri Narasimhaswami temple at Hatyal in the Tiptur Taluk.

2. Note No. R. C. 1502, dated 9th August 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the above temple together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner who was consulted in the matter is agreeable to the proposals.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the temple of Sri Narasimhaswami temple at Hatyal in the Tiptur Taluk.

The temple of Sri Narasimhaswami at Hatyal is a Muzrai institution which has risen into importance in recent years. The temple itself is situated on the summit of a hill at some distance from the village and the Utsava Murti is kept in a separate building inside the village. The Puja in both the Mulavaru and Utsavaru Sannidhis is performed by Nonaba Sivachars.

The temple gets a cash grant of Rs. 11-10-0 per annum and is also in the enioyment of the marginally noted Inam lands which are in the possession of the Archaks. These lands are estimated to yield about Rs. 30 a year. In addition the temple is in the possession of a tope which is said to be yielding very little now. Arrangements should be made to lease it out to the best advantage of the institution.

Dry 69 .. 1 acres, 15 guntas, assessment Rs. 1.
Dry 38 ... 1 „ 33 „ „ Rs. 1.

The principal source of income is in the shape of Kanikes, etc., offered by the devotees which on a five years' average come up to Rs. 1,623-8-10. Including the interest on investments the temple receipts amount to Rs. 2,195-2-10 per year.

A scale of expenditure costing Rs. 647-2-0 a year was sanctioned in Government Proceedings No. 2696-7—M. F. 221-11-4, dated 11th May 1912. In view of the rise in prices a revision of the existing expenditure is called for and the following proposals are made after a full local enquiry by the undersigned.

I. Establishment.

The present cost of Rs. 17 a month has been increased to Rs. 27 allowing small increases to the Archak and others. A sweeper on Rs. 4 has been newly provided for the hill temple who will also help to guard the temple.

II. Nityakatle.

The cash grant of Rs. 11-10-0 a year was being given to the Archaks who used to defray the cost under this item. In view of the existing dearness of provisions a sum of Rs. 2-8-0 for each Sannidhi has been allowed with a small amount for the purchase of camphor, etc. A contingent grant of Re. 1 a month has also been allowed to the Parpathegar.

III. Hetchukatle.

The allotment under this item has been raised by Rs. 168-8-0, making provision for three Hetchukatle Utsavas, *viz.*, Ugadi, His Highness the Maharaja's Birthday and Narasimha Jayanthi.

It was represented that private subscriptions for feeding the non-Brahmin pilgrims during Rathotsava were falling off and as much difficulty was being felt by the organisers in conducting the feeding, a sum of Rs. 100 has been provided to supplement the private collections. A sum of Rs. 50 has also been newly added for sanitary and other arrangements during the Rathotsava.

The Rathotsava which is held during Phalguna is said to be growing popular and a recommendation seems to have been sent up by the local authorities for the levy of a small fee on shops opened during Jatra. This appears to deserve favourable consideration.

The above proposals result in a recurring expenditure of Rs. 1,020 against an average income of Rs. 1,635-2-10, leaving a balance of Rs. 615. As the source from which the temple derives its income is of a fluctuating nature, this margin of safety is

No. 957-59—Muz. 117-19-2, dated 12th September 1919.

absolutely necessary. A contribution of 6¼ per cent may be levied for the Muzrai Establishment Fund.

The temple had a sum of Rs. 6,797-4-4 uninvested and Rs. 14,000 invested at its credit on 30th June 1918.

Order No. 957-59—Muz. 117-19-2, dated 12th September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be separately considered and orders issued in the matter in due course.

3. The Deputy Commissioner is requested to submit proposals for leasing out the tope belonging to the temple and for the levy of fees on shops on the occasion of the Jatra.

Sri Siddalingeswaraswami Temple at Yediyur, Kunigal Taluk.

No. 960-62—Muz. 94-19-2, dated 12th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 3848-56, dated 10th June 1904, directing the assumption of management of the Sri Siddalingeswaraswami temple at Yediyur in the Kunigal Taluks, by Government in the Muzrai Department.

(2) Government Order No. 1205-6—Muz. F. 52-96, dated 29th August 1917, fixing a scale of expenditure in the above institution.

(3) Note No. R. C. 1502, dated 9th August 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the temple in question together with his Memorandum thereon, and stating that the Deputy Commissioner who was consulted in the matter agreed to the proposals and that the slight alteration in the pay of the Musicians of the temple suggested by the latter has been incorporated therein.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in thet emple of Sri Siddalingeswara swami at Yediyur in the Kunigal Taluk.

The temple is a Muzrai Institution endowed with inam lands measuring 153 acres and 23 guntas and assessed at Rs. 107-11-0. The temple came under the management of Government in 1904 (*vide* Government Proceedings No. 3848-56, dated 10th June 1904.)

These lands are in enjoyment of the Archaks who are 12 in number and the income therefrom is estimated at Rs, 400. The Nityakatle expenses are at present defrayed by the Archaks. They are not willing to surrender the lands and receive cash payments. The present arrangements may therefore be continued.

The main source of income to the temple is from collections made during the Jatra held every year and occasional collections in the shape of Kanikes for various vows. On a five years' average the temple gets an income of Rs. 1,151-3-2 a year exclusive of the income from lands. The existing scale of expenditure was fixed in Government Proceedings No. 1205-6—Muz. F. 52 of 1896, dated 29th August 1907.

The following revised proposals are the result of a detailed personal enquiry and the representations made by the temple servants and Dharmadarsis for increased expenditure.

Establishment.—A full time Parpathegar and a Kavalgar on Rs. 5 each have been newly provided for. The first appointment is necessary for the maintenance of regular accounts and exercising control over the other temple servants. A Kavalgar who will be the sweeper and care-taker of buildings is also necessary as there is work for more than one man, *viz.*, the Jadmali.

Small increases have also been allowed to other servants resulting in a net excess of Rs. 132 a year.

Nityakatle.—There is no change under this item. The Archaks who are in the enjoyment of inam lands will meet the cost of Paditara and Deeparadhane expenses fully on a scale consistent with the importance and popularity of the institution. The sum of Rs. 200 said to be contributed every year by the Gadag Swami for *Dasoha* to pilgrims visiting the temple should be brought on the accounts and given to the Archaks for expenditure according to actual requirements.

Hetchukatle.—Slight additions have been made to some of the items of expenditure raising the total to Rs. 202 a year

Miscellaneous.—About 5 or 6 thousand cattle are reported to assemble during the annual Jatra which is held in the month of Chaitra. The question of levying a small fee to augment the resources of the temple deserves to be favourably considered.

A contribution of 6¼ per cent may be levied on the temple income towards the Muzrai Establishment Fund.

The temple had a sum of Rs. 5,242-15-6 at its credit on 30th June 1918.

Order No. 960-62—Muz 94-19-2, dated 12th September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. . The question of levying a contribution on the income of the institution tonards the Muzrai Establishment Fund will be separately considered and orders issued wi the matter in due course.

Sri Rameswaradevaru Temple at Tirthahalli, Shimoga District.

No. 861-3—Muz. 78-19-2, dated 5th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 4351-2—Muz. F. 2 of 1894-95, dated 30th March 1906, fixing a scale of expenditure in the Sri Rameswaradevaru temple at Tirthahalli.

(2) Note No. R. C. 1380-2, dated 5th August 1919, of the Muzrai Superintendent submitting for sanction proposals for the revision of the scale of expenditure in the above institution, and stating that the Deputy Commissioner of the Shimoga District who was consulted as regards the suitability of the proposals concurs therein.

MEMORANDUM.

Revision of the scale of Sri Rameswaradevaru temple at Tirthahalli, Shimoga District.

The income of this institution is Rs. 2,635-1-0, based on the actuals of the past five years from 1912-13. There are besides two other shrines, *viz.*, Sri Gnanananda Someswara and Sri Satya Mallikarjuna, situated within the precincts of the temple and endowed with separate inams. These institutions should also be made subordinate to the Major Institution and managed as a part of it. Including the income of these two institutions the income comes up to Rs. 2,831-3-3. Nearly one-half of the income consists of the proportion of the Mohatarfa income on a portion of the town made over to the temple and among the other sources the most important is the gutta of inam lands measuring 84 acres and 4 guntas situated at Tirthahalli, Bharatipur, Bukalapur, etc., amounting to Rs. 448-6-5.

The income has since increased and the Deputy Commissioner in his letter No. T. C. 161—Rev. 1917-18, dated 3rd December 1917, submitted proposals for the revision of the scale. These have been examined and found suitable and have been adopted. On the income side the average of the actual income for the last five years has been adopted.

Establishment.

There is an increase of Rs. 120 in the proposed scale due to increase of pay proposed to be given to Shanbhog, Upadhivantas and musicians.

Nityakatle.

The existing scale is adopted.

Hetchukatle.

Under this head an additional allotment of Rs. 50 is provided on account of car-festival.

Miscellaneous.

The Jodi payable to Government is entered as Rs. 311 in the existing scale; but on actual verification it was found out to be Rs. 358-2-10, and accordingly necessary provision is made in the revised scale.

This is an institution which can bear a levy of 6¼% on account of the Muzrai Establishment Fund. The temple has a surplus at credit of Rs. 19,449-7-11 out of which Rs. 14,276-12-0 has been invested in Government Securities.

A scale of income and expenditure is appended hereto.

Order No 861-3—Muz. 78-19-2, dated 5th September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the temple towards the Muzrai Establishment Fund will be separately considered and orders issued in the matter in due course.

Sri Amaragiri Venkataramanaswami Temple, Arsikere Taluk.

No. 811-3—Muz. 789-18-2, dated 1st September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Note No. R. C. 170, dated 28th June 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Amaragiri Venkataramanaswami temple in the Arsikere Taluk, together with his memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner who was consulted in the matter generally agrees to the proposals and that a few suggestions made by him have been incorporated therein.

MEMORANDUM.

Revision of the scale of expenditure of Sri Amaragiri Venkataramanaswami temple in Arsikere Taluk.

The temple has a cash grant of Rs. 233-14-0, but a considerable income from inam lands, investments, Dabbi, Jatra collections, contributions by devotees, etc.

2. The existing scale of confined to the cash grant alone, but an additional expenditure of about Rs. 1,825 is being incurred for Rathotsava out of the Jatra and other collections deposited in Savings Bank. The present superior establishment consists of three Archaks who draw a sum of Rs. 7-2-0 a month between them and work by turns and consequently no regular puja seems to be done or enforced.

3. In the proposed scale provision is made to increase the regular establishment with a view to secure more uniform worship and the Rathotsava and Jatra expenditure is proposed to be restricted to a fixed scale.

Establishment.

4. The three Archaks who were receiving each Rs. 2-6-0, per mensem will be reduced to two on Rs. 6 each and they will also have daily rice allowance of half a seer out of the Naivedya. One of them who will be employed in the worship of the temple on the hill and the other at the temple below and these will do duty by turns. As an experimental measure a Parpattegar on Rs. 8 is also proposed to look after the collection work and keep the accounts. A Paricharak and cook on a pay of Rs. 6 and half seer rice allowance is also provided for the temple below together with the usual complement of Bhajantri, Kavalgars, Huvvadi and Jhadmali. Thus the total establishment charges as per proposed scale amount to Rs. 48 per mensem as against Rs. 7-9-0 of the existing scale.

Nityakatle.

5. The existing provision of Rs. 9-15-9 for both Paditara and Diparadhane of the two temples is raised to Rs. 16 per mensem as per details shown in the statement.

Hetchukatle.

6. There is no material change under this head except that slight increments are given under some of the items and the Rathotsava and Jatra expenditure is proposed to be restricted to a maximum of Rs. 930.

7. A percentage contribution of 6¼% of the income is proposed to be charged as contribution to the Muzrai Establishment Fund.

Order No. 811-3—Muz. 789-18-2, dated 1st September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be separately considered and orders issued in the matter in due course.

B. RAMASWAMIYA,
Secretary to Government, Muzrai Department.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Hassan District.
The Comptroller to Government.

Sri Agastheswaraswami temple at Ramanathapur, Arkalgud Taluk.

No. 801-803—Muz. 786-18-2, dated 1st September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read:—

Note No. R. C. 170, dated 28th June 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Agastheswaraswami temple at Ramanathapur in the Arkalgud Taluk together with his Memorandum thereon and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner who was consulted in the matter generally agrees to the proposals and that a few suggestions made by him have been incorporated in the proposals.

MEMORANDUM.

Revision of the scale of expenditure of Sri Agastheswaraswami temple at Ramanathapur, Arkalgud Taluk.

This is one of the three important institutions at the place and appears to be the oldest of them. Besides a cash grant of Rs. 275, it has income from lands and vrittis amounting to about Rs. 825 making up a total income of about Rs. 1,100.

2. A large portion of the produce of land is being distributed in kind among a few of the temple servants and utilized for Utsava, Santarpanes hitherto, a faulty system which seems to be very much in vogue in the Hassan District.

3. In the proposed scale the income from land has been taken at the money value of the yield though collected in kind and to a large extent spent in that form.

4. The Mantrapushpa servants who are paid a nominal sum are said not to attend the temple regularly but seem to value the privilege of having their names retained as Hakdars. A small increase to their pay has been proposed and the servants have been warned that if they do not show a greater sense of responsibility than in the past, steps will have to be taken to reduce the number of posts and increase the remuneration suitably. The establishment charge is raised from Rs. 8-8-0 a month with 23 candies of paddy a year to Rs. 15 a month and 15 candies of paddy and the Nityakatle charges from Rs. 7-10-0 to Rs. 13 a month.

5. For the Rathotsava expenditure besides the cash tasdik of Rs. 52-8-0, a sum of Rs. 110 is being utilised out of the Vritti collections. This has been restricted to a revised cash Tasdik of Rs. 100 with an annual rice grant of 150 seers.

6. The total expenditure which stands at present at Rs. 692-8-0 is proposed to be raised to Rs. 816-8-0. As the temple requires extensive repairs a substantial portion of the income is proposed to be reserved for repairs. A percentage contribution of 3½ per cent for Muzrai Establishment Fund will absorb Rs. 36.

Order No. 801-803—Muz. 786-18-2, dated 1st September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be separately considered and orders issued in the matter in due course.

Sri Anjaneyaswami Temple at Kyamenahalli, Koratagere Sub-Taluk.

No. 1100-102—Muz. 93-19-2, dated 26th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 2455-6—Muz. 344-10-3, dated 27th March 1911, fixing a scale of expenditure in the Sri Anjaneyaswami temple at Kyamenahalli in the Koratagere Sub-Taluk.

(2) Note No. R. C. 1502, dated 9th August 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the above institution, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner, Tumkur District, who was consulted in the matter, is agreeable to the proposals.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the temple of Sri Anjaneyaswami at Kyamenahalli in the Koratagere Sub-Taluk.

The temple of Sri Anjaneyaswami at Kyathanahalli is a Muzrai Institution in receipt of a cash grant of Rs. 13-2-0 per annum. It is also in the enjoyment of a small inam measuring 1 acre 22 guntas and Kandayam lands measuring 216 acres, 34 guntas which yield a very inappreciable income. The main source of income to the temple is from the collections made during the annual Jatra which has grown into importance in recent years.

The existing expenditure was fixed in Government Proceedings No. 2455-6—M. F. 344-10-3, dated 27th March 1911. In view of the large income of the temple and ruling high prices a further revision is considered necessary.

Establishment.—The present expenditure of Rs. 7-13-6, a month has been increased to Rs. 36, a Paricharak to help the Archaks in their duties and two full time Sudra servants to the two Sannidhis have been newly added. Suitable increases to the Archaks and musicians have been made. A whole-time Parpathegar to maintain accounts, to exercise control over the other servants and to attend to the other concerns of the institution has also been provided for.

Nityakatle.—The allotment of Rs. 2 a month under this head has been raised to Rs. 18, making adequate provision for Nitya Neivedya and Deeparadhane. The cooked rice to be offered to the Mulavaru during day time should be in the form of Dadhyodana which should be distributed to Desantries present at the time in the temple.

Hetchukatle.—Small increases have been allowed to all items of Hetchukatle Utsavas. The grant for Rathotsava has been enhanced to Rs. 750 a year and the details of expenditure have also been noted. The Santarpane on behalf of the temple should be confined to Rathotsava day only. In case of a non-jatra year the expenditure should be limited to Rs. 50.

Miscellaneous.—Only one item of expenditure, *viz.*, purchase of cloths and other sundries, has been newly added. The enhanced grant to the Vishnu temple in Tumkur Extension has been sanctioned in Government Proceedings No. 2387-89—M. F. 257-18-4, dated 18th February 1919, and is included in the present scale.

These proposals result in a total expenditure of Rs. 1,581-18-0 a year, leaving a recurring surplus of Rs. 745 calculated on the basis of the average income for the last five years. A contribution of 6¼ per cent may be levied on the income for purposes of the Establishment Fund.

The temple had a sum of Rs. 7,778-15-3 uninvested and Rs. 25,700 invested at its credit on 30th June 1918.

No. 1100-102—Muz. 93-19-2, dated 26th September 1919.

Order No. 1100-102—Muz. 93-19-2, dated 26th September 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be separately considered and orders passed thereon in due course.

No. 1103-13—Muz. 599-18-2, dated 28th September 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 2526-37—M. F. 391-15-1, dated 2nd April 1917, directing the constitution of a "General Muzrai Fund" out of the available surpluses at the credit of the Muzrai Institutions under Government management.

(2) Note No. C. R. 17, dated 23rd March 1919, from the Muzrai Superintendent in Mysore, submitting final proposals for the appropriation of surpluses at the credit of the various institutions to constitute the fund.

Order No. 1103-13—Muz. 599-18-2, dated 28th September 1919.

In the order read above, Government directed that the available surpluses at the credit of the various Muzrai Institutions under Government management be, subject to certain specified limits, consolidated and formed into a fund called the "General Muzrai Fund;" and that the same be invested and the interest therefrom utilized for the benefit of Muzrai Institutions generally and also for other purposes not inconsistent with the object of the original endowments. The Muzrai Superintendent was requested to institute a careful enquiry into the existing conditions and future requirements of the contributory institutions and submit a detailed report with a view to enable Government to determine the actual amounts which can be made available for incorporation in the fund.

2. The Muzrai Superintendent has now submitted an exhaustive report with detailed statements as the result of patient and careful investigation, and the Government are in general agreement with the proposals made by him. The merits of each case have been individually examined by Government, and the statement appended indicates the amounts which can be made available for the purpose in view. Government are accordingly pleased to direct that these amounts be incorporated into the General Muzrai Fund with effect from 1st July 1919.

3. The Fund will immediately consist of investments to be transferred to its credit of the face value of Rs. 4,19,317-3-4, and of cash to the extent of Rs. 81,602-12-8 as worked out by the Muzrai Superintendent and verified by the Comptroller, and the interest earnings of this amount is expected to be Rs. 20,313-10-0, as shown in the margin. This income is proposed to be utilised as follows :—

Amount			Rate	Income		
Rs.	a.	p	per cent	Rs.	a.	p.
500	0	0	3	15	0	0
3,40,517	3	4	3½	11,928	10	0
78,000	0	0	5½	4,290	0	0
81,602	0	0	5	4,080	12	8

(*a*) Rs. 10,000-0-0 for special improvements to Muzrai Institutions by way of supplementing the existing State Grant of Rs. 10,000-0-0.

(*b*) Rs. 7,820-0-0 towards the cost of the Engineering Establishment; and (*c*) Rs. 2,493-10-0, for the establishment of a few central schools for teaching the meaning and method of temple worship. Of these objects Government have already provisionally sanctioned the first two in the Order of 2nd April 1917, read above, and the third proposal now made, *viz.*, the starting of Agama Schools also commends itself to Government as a very desirable measure. The proposals for the utilization of the amount are accordingly sanctioned. The scheme of Agama Schools will, however, be elaborated and sanction of Government obtained thereto by the Muzrai Superintendent before bringing it into effect. Arrangements will also be made to bring under the scheme of permanent investments on account of charitable and educational endowments the cash balances of Rs. 81,602-12-8 proposed to be incorporated in the fund, as the corpus thereof is not intended to be drawn upon.

No. 1103-13—Muz. 599-18-2, dated 28th September 1919.

4. The Muzrai Superintendent further proposes that a sum of Rs. 49,187-13-1 belonging to charitable institutions, *viz.*, Government Anna Chattrams, Rest-houses and the Nowl Krishna Doss and Damodar Doss Charities be formed into a separate fund to be known as the "General Chattram Fund," and the anticipated income of Rs. 1,903-9-0, accruing thereon be utilized for the exclusive use of charitable institutions, grant of first day's Bhiksha to Mathadhipathies visiting Bangalore, etc.

5. With regard to this proposal, it is observed that the position has materially altered since, a large proportion of the available surpluses at the credit of these institutions having to be utilised for the purchase of a suitable building at Benares to locate the Mysore Government Chattram at the place. The matter may therefore be dropped for the present.

B. RAMASWAMAIYA,
Secy. to Govt., Muzrai Dept.

To—The Deputy Commissioners of Districts.
The Comptroller to Government.
The Muzrai Superintendent in Mysore.

Water Distribution under Vani Vilas Sagara.

No. P. W. 851-855—M. 2882-2886, DATED 4TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT

READ—

(1) Government Order No. 2753-5—P. W. 13721-5, dated 21st December 1917.

(2) Letter No. R. O. C. 146--Rev. of 19-20, dated 25th July 1919, from the Deputy Commissioner, Chitaldrug District.

Order No P. W. 851-855—M. 2882-2886, dated 4th September 1919.

Under the arrangement sanctioned in the Government Order read above, the Vani Vilas Sagara channels are to be opened and closed as noted below :—

Continuous supply ..	.. 5½ months, *i.e.*, from 1st December to 15th May.
Intermittent supply, *i.e.*, 5 days on and 7 days off.	.. 6½ months, *i.e.*, from 16th May to 30th November.

2. From the experience of the past two years, the Executive Engineer, Chitaldrug Division, suggests certain modifications to which the Deputy Commissioner is also agreeable. Government are accordingly pleased to accord their approval to the same, with slight modification to make the arrangement more convenient and practical. The revised arrangement will be as noted below :—

Continuous supply ..	.. 6½ months, *i.e.*, from 16th December to 31st May and whole of August.
Intermittent supply, *i.e.*, 5 days on and 7 days off.	.. 5½ months, *i.e.*, from 1st June to 31st July and 1st September to 15th December.

3. Continuous supply having been given from 1st August 1919, the revised arrangement will have effect from that date.

S. CADAMBI,
Secretary to Government,
Public Works Department.

To—The Superintending Engineer, Northern Circle.
The Deputy Commissioner, Chitaldrug District.
The Revenue Commissioner in Mysore.
The Secretary to Government, Revenue Department.

Administration Report of the Krishnarajasagara and allied Works.

No. 80-114—1301-35, DATED 17TH SEPTEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

(i) Letter No. M. 2820—A, dated 2nd September 1919, from the Chief Engineer of Mysore, regarding the issue of the Administration Report of the Krishnarajasagara and allied works for 1918-19.

(ii) Notes dated the 5th and 12th September 1919, by the Joint Secretary to Government, Public Works Department.

Order No. 80-114 -1301-35, dated 17th September 1919.

The procedure hitherto adopted was to incorporate the report on the Krishnarajasagara and allied works in the General Public Works Department. The Chief Engineer, Public Works Department, enquires whether the report for the last official year will issue independently of the General Public Works Report.

2. As these works have been placed under the control of the Chief Engineer, Cauvery Valley Irrigation, since July 1918, Government are pleased to direct the issue of the Administration Report of these works as a separate compilation.

K. KRISHNAIENGAR,
Joint Secy. to Govt., P. W. D.

To—The Chief Secretary to Government.
The Chief Engineer of Mysore.

APPRENTICE TRAIN EXAMINERS.

Scheme of Training.

Candidates, who are Mysoreans, and not more than eighteen years old and have passed the Lower Secondary Examination, will be eligible. The number of candidates required will be announced yearly in June. Applications should be sent to the Agent by July 1st following.

The selection will be made by a Committee consisting of the Carriage and Wagon Superintendent and the Loco Superintendent as Members, with the Agent as the President.

The selected candidates will have to pass a Medical Examination as to their physical fitness and also be examined for colour vision, by day and night.

The selected candidates will have then to undergo the following course of training :—

6	Months	Fitting shop.
3	,,	Blacksmith shop.
6	,,	Wagon shop.
6	,,	Carriage shop.
3	,,	Vacuum brake.
3	,,	Train Lighting.
3	,,	Painting, washing and cleaning of stock in works.
6	,,	At a Train Examining Station.
36	,,	or three years.

At the end of their training, the students will be examined in their work and on the "General Rules" and rules for Train Examiners. Successful candidates will be awarded certificates and will be given preference for any vacancy which may occur on the Mysore Railways for Assistant Train Examiners. During their period of training the students will receive :—

1st year	Rs.	15	per mensem.
2nd ,,	,,	20	
3rd ,,	,,	25	

No. R. S. 647-52—Ry. F. 39G-19-20, dated 29th September 1919.

Candidates will, before starting their training, sign the annexed Agreement and have it countersigned by their father or guardian.

The prospects in the Department will be as under :—

Carriage Examiner	Rs. 60—5—80
Assistant	,, 30—3—60

MYSORE RAILWAYS.

Form of Agreement.

1. I.....son of.....agree to serve the Mysore Railways as an Apprentice Carriage Examiner for a period of three years, on the terms and conditions contained in the rules promulgated and attached hereto, to which I have affixed my signature in token of acceptance and of full understanding of the terms of same.

2. I fully understand that I have no claim on the Mysore Railway for any permanent employment after my apprenticeship is concluded and that it is optional with the Agent to terminate my apprenticeship at any time, on its being shown to his satisfaction that I am not likely to be suited for the work of a Carriage Examiner owing to ill-health, want of ability, or negligence, disobedience, intemperance of any similar fault.

3. I bind myself to obey and abide by all the instructions and regulations in force for the time being on the Mysore Railways as well as any further instructions that may from time to time be issued by the Agent of the Mysore Railways.

4. I further fully understand that during the period of my apprenticeship I may be granted leave only as follows:—

i. Leave on half subsistence allowance on account of ill-health duly certified by a Medical Officer holding a position analogous to that of a District Medical Officer.

ii. Leave without pay on urgent private affairs up to one month, subject to Carriage and Wagon Superintendent's sanction. This leave will only be granted under special and urgent circumstances.

The period of my apprenticeship will be extended by an amount equal to the leave taken under either clause.

5. I also understand and agree that the amount of Rs. 50 lodged by my $\frac{\text{Parent}}{\text{Guardian}}$ with the Auditor, Mysore Railways, as security on my behalf will be forfeited should I terminate my agreement during the period of apprenticeship. Further it shall be optional for the Agent to with hold repayment of this deposit should I terminate my apprenticeship for any of the reasons stated in para 2 of this Agreement.

6. I acknowledge to have received a copy of the General Rules aud Regulations and the Subsidiary working rules of Mysore Railways as also a copy of the Carriage Examiner's hand book in force on the Mysore Railways referred to in para 3 above.

7. I further agree that, whenever required, I will take upon myself the responsible charge of Government Stores entrusted to me, and will faithfully account for them. That on no account will I either directly or indirectly carry on any trade or business for my personal benefit whilst in the employment of the said Railway.

8. I also understand that it is optional with me to join the Railway Institute or not.

9. I also understand that in the event of my being placed in charge of definite works, in the course of my apprenticeship, either independently or under a Carriage Examiner I may be granted the use of Railway quarters free of rent when suitable quarters are vacant and available; but I distinctly understand that if quarters are not available, I shall have no claim to free quarters or rent in lieu thereof.

10. As long as I shall continue in the service of the Mysore Railways, I undertake to keep myself protected from small-pox by submitting myself to vaccination whenever called upon to do so by competent authority.
